From the President

In our ongoing quest to maintain and improve our exceptional community, we continue to take the necessary actions to achieve this goal. The importance of our proactive approach can clearly be seen by the continuing climb of property values within the Wynmoor community. Today's residents have the opportunity to enjoy a vast array of upgraded amenities with the assurance that our property investment will provide a profitable return in the future if necessary.

There are countless individuals responsible for the many years of successful growth and the impeccable reputation we have earned among our neighboring communities. While there are too many individuals to mention, it is my pleasure to recognize Chick Chase and wish him a Happy 100th Birthday! Most of you know Chick, a proud and decorated war hero, who continued to selflessly serve his community for many dedicated years. Thinking it might be time to slow things down, Chick recently decided to try a well-earned retirement. We wish you the best Chick; you are an inspiration to us all! WE LOVE YOU!

Wynmoor Community Council Officers and staff hosted many workshops with your Council Representatives to discuss the future of Bulk TV/Internet and other media services, so that we can make the best choice possible to serve our community. Companies that were reviewed were Comcast, ATT/Direct TV, Bluestream, Hotwire and Breezeline. Representatives from Hotwire, Bluestream and Breezeline made presentations at their facilities where the Wynmoor Community Council Officers and staff attended. Hotwire was the best program at the best price for a high end bulk service option and will provide fiber optic infrastructure. Hotwire can deliver over 300 channels, internet services and in addition free land line phone service for the first two years and free internet for one year. Also, Hotwire will be on Wynmoor property 5 days a week to start and then 3 days a week, with a concierge service for all our residents, as well as on-site tech service free of charge. At our recent Executive Committee and Board of Directors meetings, a motion for Hotwire to be our new bulk TV and internet provider was passed. We will have Town Hall meetings with Hotwire so they can introduce themselves to all our residents and answer any questions. We look forward to a successful relationship.

As you may already be aware, the Florida Turnpike expansion plan poses significant threats to our community's peaceful environment, safety, and overall quality of life. It is crucial that we stand together in solidarity to oppose this expansion and protect the interests of our residents. The potential consequences of the Florida Turnpike Expansion are far reaching. They

include increased traffic congestion, noise pollution, and decreased air quality, which would directly impact our neighborhoods and the health and well-being of our families. Furthermore, the expansion could disrupt the existing infrastructure, leading to potential displacements and the loss of our cherished community spaces. To address these concerns and ensure our voices are heard, I am urging all Wynmoor residents to join forces and take immediate action.

A virtual public hearing will be held on July 19th and on July 20th an in person hearing from 5:30 - 7:30 p.m. at the Signature Grand Hotel, in Davie. Wynmoor will provide buses for our residents to attend. It is vital to come out to support our community. I am pleased to announce the City of Coconut Creek has retained a law firm to represent all of our residents. We appreciate all the support we can get.

We have put a great deal of effort into expanding our entertainment/recreational horizons in a safe yet relaxed manner. Check out our ever-expanding list of events and activities and join your friends and neighbors for a good time! We also have added to our recreational department off campus activities and trips. We are determined to maintain the "Wynmoor lifestyle" and to ensure we meet this goal. We welcome our new employees to the Wynmoor "family" and thank our long-term staff members for their loyal service over the years.

In keeping with our just mentioned "lifestyle goal," I am excited to say that "this year we will be hosting, not one, but two July 4th celebrations!" Complete with food, music, and the best company around! What more could we ask for as we celebrate Independence Day on Monday, July 4th. Choose your party – join us at the West Wing, or if you prefer work on your tan and take a dip in the pool at our Main Pool event. Hope to see you there! God Bless America!

If you're traveling this summer, be safe, stay healthy and we'll look forward to your safe return!

STAY SAFE, GOD BLESS!

Service Equals Reward

By Sheriff Gregory Tony

Learn How BSO is Working For You

As part of our ongoing commitment to transparency and accountability, the Broward Sheriff's Office has published the 2021-22 Annual Report detailing how we protect and serve the community. In its pages, you will find the facts, from the crime-fighting statistics specific to your city to the bold agency-wide initiatives benefitting residents and visitors in Broward County.

As you will see, our organization continues to strive for excellence in all we do. I want to highlight some of the many accomplishments in this comprehensive report.

Our Aviation Unit is flying high. The team flew nearly 3,000 missions, assisting in 1,000 arrests, recovering 236 vehicles and locating 17 missing or endangered persons.

Their outstanding efforts resulted in well-deserved recognition, as the unit was selected as BSO's 2021 Unit of the Year. They also won the 2022 Leadership in Police Aviation Award from the International Association of Chiefs of Police.

On the ground, our school resource officers (SROs) continued refining the skills required to protect our children. As our schools' front-line defense, these deputies completed rigorous active killer preparedness training alongside command personnel to effectively manage a critical incident. BSO will continue integrating real-life scenarios into our training regimen to ensure we are always ready and prepared for any situation.

Our dedication to fighting crime through education, mentorship and

community service continued to pay off. Our Neighborhood Support Team, comprised of sworn and civilian staff, led cultural diversity discussions, provided vital assistance to our seniors and veterans and taught residents about their rights when interacting with our first responders, amongst other essential public safety initiatives. In December 2021, the Florida Crime Prevention Association recognized the team as the Outstanding Crime Prevention Unit of the Year.

Other notable endeavors include our Fort Lauderdale-Hollywood International Airport district participating in a FEMA full-scale exercise to further enhance our readiness; our Department of Fire Rescue and Emergency Services Training Unit being honored as our 2021 Unit of the Year

for planning, coordinating and conducting training for our more than 850 fire rescue employees; and the BSO Department of Detention hiring additional mental health specialists to support the mental well-being of our inmate population.

These are just a few examples, but there is so much more to learn from this report. Take the time to dive into all the details to better understand how your tax dollars are being spent to protect and serve Broward County. Every action we take is made with you, the resident, in mind. BSO is as much your sheriff's office as ours, and this report was created so you can see exactly how we work for you. Visit <https://www.sheriff.org/SheriffTony/Pages/Home.aspx> to read the full report and learn more about the many innovative programs at BSO.

Sincere Appreciation

By Mary Morra

Wynmoor has many dedicated and loyal employees. Hard working and committed to giving us the best service. One of these special people is Akeem B. who has worked for years in the maintenance telephone department answering the phones and he is seeing agitated directors and unit owners, which is not an easy job. His calmness and keen interest in our problems, and dedication to his job makes him a very special employee.

Our sincere appreciation and a special *Thank You.*

Biggest Threats to a Comfortable Retirement?

If you save and invest for decades, you'd like to know you can retire without financial worries. Nonetheless, you still have to be aware of some threats to a comfortable retirement – and how to respond to them.

These threats include:

- **Inflation** – Inflation has been high recently, but even a mild inflation rate can seriously erode your purchasing power. In fact, with just a 3% inflation rate, your expenses could double in about 25 years – and your retirement could easily last that long. So, if you're going to rely on your investment portfolio for a sizable part of your retirement income, you will need to own a reasonable number of growth-oriented investments, such as stocks or stock-based funds, whose potential returns can equal or exceed the inflation rate.

- **Excessive withdrawals** – Once you retire, you should establish a withdrawal rate for your portfolio – an amount you can take out each year and still feel secure that you won't run out of money. Some people make the mistake of withdrawing too much, too soon, once they're retired. Your withdrawal rate should be based on several factors, including your age at retirement, the size of your portfolio and the amount of income you receive from other sources, such as Social Security. A financial professional can help you determine a withdrawal rate that's appropriate for your needs.

- **Market volatility** – The financial markets will always fluctuate. When you're still working, this volatility may not be such a problem, as you have years or decades to recover from short-term downturns. But when you retire, you don't want to have to sell investments when their price is down. To help prevent this, you can tap into the cash in your portfolio, assuming you have enough to cover several months' worth of living expenses. You could also

draw on a CD "ladder" – a group of CDs that mature at different times – to provide you with resources for the next few years and allow your equity investments time to recover their value.

- **Unexpected costs** – You had them when you were working, and you'll probably have them when you're retired: the furnace that breaks down, the car that needs a major repair, and so on. But if you've established an emergency fund containing a year's worth of living expenses, with the money kept in a liquid account, you may be able to "ride out" these costs without jeopardizing your investment portfolio. Be sure to keep these reserves separate from your typical day-to-day accounts to avoid the temptation of spending your emergency money.

- **Health** – Retirees may face more health concerns than younger people, and those concerns often come with larger medical bills. That's why it's important to maximize the benefits from Medicare or your Medicare Advantage plan. Also, if you contributed to a Health Savings Account (HSA) while you were working, and you haven't depleted it, you can use the money in retirement. As long as the HSA funds are used for qualified medical expenses, withdrawals are tax- and penalty-free, and won't be included in your income. This could help keep your income below certain levels, lower your Medicare premiums or avoid the 3.8% surtax on net investment income that can be assessed on high-net-worth taxpayers.

Retirement can be a pleasant time in your life – and you'll enjoy it more if you're prepared for the challenges that face all retirees.

The Liberal Jewish Temple Summer Fun Facts

By Iris Arlan, Lee Temares, Andrea and Peter Accornero

WOW! With plenty of room to grow, a convenient location, easy parking and access, Centura Parc has been a good luck charm for us. Visit us on July 7th and 21st at 7:30 p.m. (Lyons Road to Copans, east two lights to Centura Parc). Everyone is welcome. We are not Levy's rye bread, but you don't have to be Jewish to share our Sabbath Services and listen to Rabbi Paul Offenkrantz. Most of the Service is in English, with major prayers transliterated and translated, so all can follow along and participate. We are a Temple Family and welcome all to join us.

Did you know Popeye was Jewish? Guess what-he was modeled after a real sailor. Frank Rocky Fiegel was born in Poland in 1868. His parents and he came to America when he was a young child. The family settled in Illinois.

He had a 20-year career in the Merchant Marine. After he retired, he became a bouncer for Wiebusch's Tavern in Chester IL. It was a classic local, slightly rough bar, and Rocky had to keep order inside, and the police outside. He was a fighter and his features showed it. He had a damaged eye- "Pop-eye."

And, yes, he always had a pipe in one side of his mouth and spoke out of the other side.

When the bar was quiet, Rocky liked to entertain the patrons with stories of his 20 years aboard ships and his adventures on leave. Elzie Segar, also of Chester, and the originator of Popeye, met Rocky at the Tavern and was fascinated by his stories. The cartoonist asked Rocky if he could model his cartoon character after him. Rocky agreed and so Popeye the Sailor Man was born.

Segar always stayed connected with Rocky and gave him a small percentage of his earnings.

Did Popeye eat spinach? Who knows?

As an aside, Olive Oyl is said to have been modeled on another resident of Chester, Dora Paskel.

If you are interested in football, Harvard and Jews, there is a new book out by Zev Eleff called *Dyed in Crimson*. Arnold Horween, from Chicago, became the first Jewish captain of the Harvard University football team in 1920. He became coach in 1926. His accomplishment was unprecedented.

Mr. Ellef points out in his book *Horween* played and coached in the early years of the NFL. His brother, Ralph, also played at Harvard and in the NFL. They were they were the first and only Jewish brothers to play in the NFL until Geoff and Mitchell Schwartz.

Horween was an anomaly in a period when it would be very hard to conquer Harvard's Jewish quota and the politics of the time featuring Father Charles Coughlin and the Klux Klan.

Recently, two of our Temple Members who donate on a regular basis to Our Father's House which we as a Temple do also received a wonderful tour of the

facilities. Here is there article of what they experienced on their visit. Thanks to Andrea & Peter Accornero for their contribution to the Temple article.

For decades members of our Temple have given food donations to Our Father's House Soup Kitchen at 2380 Hammondville Rd. (same as Coconut Creek Parkway), located approximately a half mile east of the Coconut Creek Turnpike entrance.

After the last visit we made we struck up a conversation with Jim the director. He asked us if we had ever toured the facility. We accepted and were astonished how well the facility met the challenge of providing for the homeless in our community. The spotless kitchen serves over 150 hot meals a day in addition to providing bag meals for those in need. Donations from local grocery stores, restaurants, food distributors, religious organizations and supply houses satisfy this huge demand. Individuals also donate non-perishable items such as canned goods.

But the needs of the homeless hardly stop with nourishment (although without it everything becomes secondary).

Clothing, employment, an atmosphere of hope, encouragement and the reintroduction of working to satisfy their needs are available to anyone, without preaching of evangelizing. As we toured the facility he told us the many stories of how they came about getting the necessary equipment in order operate smoothly. The facility was desperate for but could not afford to install shower facilities on premises (\$75,000+). The phone rang one day and they got word that FEMA was getting rid of portable bathrooms with shower facilities. Another problem solved! That's how the facility gets things done. The Sheriff's Dept. provides transportation in the form of bicycles from their stores of unclaimed bikes. The individuals have to volunteer for 15 hours in order to receive one. This instills an appreciation for the bike and also encourages commitment, which was likely lost as a result of their plight. Bus passes are given to others in need of public transportation.

We left the place in awe of how much they do. Here is a list of the items they always need:

-Women's clothes - Men's clothes - Socks and underwear -Small pillows - Sheets - Comforters -Towels and washrags - Diapers -Tote bags -Shoes - Canned food - Hats

They would appreciate the items be clean and folded.

Membership in the Liberal Jewish Temple is now open at \$100 person. High Holiday tickets will be available soon. For general Temple membership, call Iris Arlan at 954-532-5268. For information on Jewish practice, particularly Reform Judaism, call Lee Temares at 954-968-4236. We hope to see YOU at Services soon.

A Crisis Revisited In America

By Lawrence E. Correia

It seems that in America every decade we have a series of economic, social and political crises that affect the very soul of our democracy. In the 1920s through the 1930s, we had the Great Depression, with many Americans looking to European dictatorships and home grown right wing extremists (KKK) as the answer to our economic and social woes. World War II brought an end to the admiration for the fascist dictatorships and other authoritarian regimes in the 1940s. It did seem that there was some change in the direction of improving racial and cultural attitudes in the military and educational sectors of our society, yet there was a new shadow looming in the future.

In the 1950s Wisconsin Republican Senator Joseph Macarthy preached a message of hate and fear that America was being infiltrated by communism and any concepts of socialism such as Medicare and Medicaid. His orations claimed that there were XXX number of communists in our government, in our news and entertainment industries. Many innocent individuals were targeted as enemy agents and lost their jobs, while many others had their reputations and careers destroyed. Fear and hatred once again prevailed throughout the country.

This fear and concern even affected my own family, when my parents said, I must never speak of socialized medicine for people who could not afford medical care. If I did speak of these things, my parents would be branded as socialist of communists and lose their jobs and be forced to move to another state or city to protect the family from hate groups. This insanity affected many groups across the country especially if you had Slavic ancestry. In July 1966, I was stationed by the Air Force in Greenland, where I met another airman Ronald Stack. We teasingly asked him if he was related to the actor Robert Stack of the TV show *The Untouchables*. Ronnie replied, "No I am not related" and added that his birth name is Stahoviak. He said, "My father had to legally change our last name to protect the family, from hate groups. We are Polish and our Slavic name sounds very Russian."

Eventually rational and reasonable members of the Republican party were able to get rid of that Wisconsin senator not through violence but rather through an election process and tried to provide a more stable political atmosphere in the country. It seems that 60 years later we have a new era of hate and fear that is gripping our society again. We Americans have not yet learned from our past mistakes. The legacy of anti-anybody because religious, political, racial, social beliefs and practices still permeates in many areas of our American Democracy.

Tell me who would have believed that any loyal American would assault this nation's capital building or that any ex-president would collect a group of citizens to prevent the legal counting of election ballots because he lost an election. Why would any state governor attack any group of individuals because they have cultural beliefs other than their own. What state governor (in a country that believes in freedom of speech and press) would ban books that describe a minority's struggle for equality in America.

Tell me why there is state legislation that deny 52% of the American population the right to control their physical medical care? I have always believed that the almighty alone will judge each human's thought, word and deed. Nowhere in the Torah, Bible, Koran or any other religious document has that authority been relegated to the courts or governors or state and federal legislatures or congresses. Yet these organizations and individuals have assumed this power. In so doing, they have neglected their responsibility of protecting the lives of children and minorities. Just so they can continue to get financial funding to maintain political power.

Have we Americans forgotten what the preamble to our Constitution states and why it is worded that way. Well now is the time to refresh our memory.

WE THE PEOPLE of the United States in order to form a more perfect union, establish justice, insure domestic tranquility, promote the general welfare, provide for the common defense and secure the blessing of liberty for ourselves and our prosperity do ordain and establish this Constitution for the United States of America.

When will we Americans finally wake up and legally let our local, state and federal legislators, judges and leaders know that **WE THE PEOPLE** will no longer tolerate the lack of caring that they have demonstrated. If we don't wake up and let them know our anger and disappointment in their performance and decisions, and that we will fight them legally through the one weapon we can use, **THE BALLOT BOX**. If not then **WE THE PEOPLE** will be surrendering our Democratic Republic to the evils of authoritarianism and dictatorship. Then we can honestly say good bye to the land of the free and the home of the brave, because we have opted for **FASCISM** and **POLITICAL SLAVERY**.

Are You Living With, Or Worried About Someone Suffering With Chronic Back Pain?

By Leading Back Pain Expert, Todd James

Do you, or someone you love, suffer with back pain? Does the pain get worse when you stand or walk? Do you experience pain, numbness or tingling into your butt or down your leg? Do you have pain when you sit for long periods or drive? Are you afraid your pain will get worse if you don't do anything about it? Has the pain gotten so bad, that you avoid many activities that you used to enjoy?

If you are 55+ and answered **YES** to any of these questions, then please read on because I have some special information about relief of your back pain.

It's a shame so many people think their options for dealing with back pain are rest, pain killers, or maybe worse, injections or even surgery. Often these solutions are only

temporary, because they don't address the true cause of your back pain, but just mask the symptoms. Others believe there is nothing that can be done, and they will just have to suffer through the pain.

If you or someone you love is experiencing back pain and are wondering if you are doing the right things for your back, I would like to offer a free guide I have created to answer those questions. In this guide, **Erasing Back Pain: How to Avoid the 9 Most Painful Mistakes and What You Should Be Doing Instead**, you will find information about what will not help ease your back pain and how to make the right choices to get you out of back pain and on the road to enjoying an active, healthy lifestyle again.

I'm Todd James, Physical Therapist and I have been helping 1000s of people 55+ over the last 2

decades find quick, natural, long lasting relief from back pain. I've put together this guide because in easing your back pain it's not just about doing the right things, but also about avoiding the wrong things. When you choose the right path, your recovery from back pain will be much more effective.

If you are currently held back from getting a good night's sleep, being able to walk with friends, getting out on the golf course, or playing with the grand-kids, I invite you to visit www.coconutcreektherapy.com/backpain to claim your free guide. If you prefer, give us a call at **954-972-1200** and we'll be happy to assist you.

Don't let back pain take the joy out of your life. Get started on your path to a pain free active life!

If You Now Have Equity In Your Home, Consider Doing A Trust!

By Martin Zevin, Attorney

In 2012, I wrote an article recommending against doing a Revocable Living Trust if you were “underwater” with your mortgage. I wrote that article just before the housing market in South Florida began to recover.

The last five years have seen significant increases in property values. This has resulted in many homeowners now having positive equity. In the third quarter of 2015, 322,701 homeowners in Palm Beach, Broward and Dade counties owed at least 1/4 more than the market value. However, according to a front-page article in the May 29, 2023 Sun Sentinel, the median sales price of a single-family home in Broward County rose 2.7% in April to \$575,000. Therefore, most homeowners now have equity in their home.

In the article I wrote in 2012, I advised clients to live long enough to see their properties increase in value to exceed the amount of the mortgage; at that time, they could come back to me to discuss a Revocable Living Trust. That time is now here.

Without equity in your home, it does not make sense to pay an attorney the fee and costs involved in creating a Trust, since you would be burdening your heirs with a property that has a negative equity. However, once that

equity turns positive, you are doing your heirs a favor by eliminating the time and money involved in going through probate. Remember also that the Trust is called a “Revocable Living Trust.” This means that, as long as you are alive, the Trust remains with you. You can always sell your home and buy a new home as Trustee of your Trust. You do not need to change the Trust unless you want to change the beneficiaries for the new property. You can also buy additional properties, in Florida or out of state, as Trustee of your Trust.

Therefore, if you now have equity in your home, you should seriously consider creating a Trust. Transferring your home to the Trust will not change your homestead or your real estate taxes.

In addition, regardless of the equity in your home, it is extremely important to have current advance care directives to protect you if you are incapacitated. These include the Durable Power of Attorney (which must specifically include the address of your property) as well as the Designation of Health Care Surrogate and Living Will. New Florida laws could mean that your current documents need to be revised.

**DON'T BE A
VICTIM**

It's summer and here are a few scams in which to be on the lookout so you won't get fooled:

Tech Support Scam: Recently a woman filed a report after a scammer claiming to be from Microsoft Tech Support stole \$1,000 from her bank account. She was at home when her desktop computer started acting up. A

pop-up warning, supposedly from Microsoft, came up on her computer. It told her to call a phone number and they would help her fix the computer. She granted the man who answered her call remote access to her computer. A little later the man called her back and asked her to pay \$4,500 because he found more "viruses" on her computer. She became suspicious, but not in time to prevent the scammers from taking \$1,000 out of her bank account. If something similar happens to you, keep in mind that it is a scam. If you think there may be an issue with your computer, you should update your security software and run a scan. If you need help, go to someone you trust. Real tech support representatives don't magically call you right when your computer starts to malfunction. They rely on you to call them.

Grandparents Scam: Someone scammed a near 80-year-old Coconut Creek woman out of nearly \$10,000 in what's called the "Grandparents Scam." The victim recently received a phone call from someone posing as her grandson. He told her that he had just been involved in a car crash and was

Safety Solutions

By Scotty Leamon, Public Safety Information Officer, Coconut Creek Police Department

SUMMER SCAM LOOKOUT

about to be charged with DUI. He then provided her with a phone number to his "attorney" and told her to call him. The phony attorney said she needed to send \$8,000 right then or else her grandson would be officially charged with DUI. To the victim's credit, she tried to call her grandson and his father, her son, but they didn't answer. The bad guys kept the pressure on until she sent the money. The so-called "attorney" was on the phone with her the whole time at an ATM coaching her on how to send it. It's important to remember that the legal process doesn't work this way. No attorney will demand a bunch of money in order to prevent a loved one from being charged with a crime. If you get a similar phone call, don't do anything until you've talked to the family member who is supposedly in trouble. We're confident you'll find out it's a scam.

Social Security Phone Scam: In this scam someone claiming to be from the IRS [Internal Revenue Service] calls the victim and convinced them to send money. The phony IRS agent tells them their social security numbers were comprised, and they need to go to the store and buy gift cards or else they would be arrested. The victims buy gift cards and gave the numbers and pin numbers on them to the scam artist. Remember that the IRS would never call you up out of the blue and threaten to arrest you. Any time someone asks you to buy gift cards for any reason, remember that's a huge red flag that it's a scam.

All three of these scams have been featured on the department's Facebook page as Scam Alerts. You can find these scams, and more, by visiting our Scam Alert page at www.coconutcreek.net/scam

"ENHANCE YOUR QUALITY OF LIFE"

Herbs, Flowers, Seeds and Minerals

By Marcus Smith, Licensed Acupuncture Physician

Looking for alternatives to prescription medication? Chinese Herbal Medicine may offer a non-toxic option for those seeking natural solutions to certain physical and mental ailments. By using herbs, flowers, seeds and minerals, its aim is to heal the

body by targeting internal imbalances that have led to a person's health issues. Unlike many prescription medications which are designed to manage symptoms and be taken for the life of the patient, this holistic approach, developed and refined over a period of 5000 years, focuses instead on treating the underlying condition. Once the internal imbalances have been corrected, the need for continued herbal therapy ceases.

With the increasing awareness of the dangers of prescription medication abuse and addiction, more and more people are turning to Chinese herbal medicine as a safer and healthier alternative. It offers a range of health benefits that are effective without side-effects. These benefits include improved digestion, enhanced immunity, increased energy levels, reduced stress and

anxiety levels, reduced inflammation (inflammation is the root cause of 80% of our health issues) and improved overall wellbeing. By using it as an alternative to prescription medication, individuals can harness the power of nature to promote better health and wellness, without having to worry about dangerous side-effects or other negative consequences.

When considering alternatives to prescription meds, it is crucial to keep in mind that not all options are created equal. While Chinese herbal medicine has been shown to be safe and effective for many individuals, non-toxic does not always mean risk-free, especially when taking certain medications at the same time. Consulting a qualified and experienced practitioner is essential, as they can recommend the safest and most effective treatment option for each individual's specific needs. Ultimately, taking a proactive and informed approach to healthcare can help individuals find the alternative therapies that work best for them.

For more information about Acupuncture and herbal medicine and how they may benefit you and your family and friends, please visit our website at MarcusSmithAcupuncture.com or call us directly at 954-907-1036.

Then join hand in hand,
brave Americans all!
By uniting, we stand;
by dividing, we fall.

Peach Caprese Salad

TOTAL TIME: Prep/Total Time: 15 min. **YIELD:** 2 servings.

This salad is refreshing and juicy—perfect for your Fourth of July get-together. The peaches add a wonderfully sweet flavor that is ideal for summertime.

Ingredients

- 4 ounces fresh buffalo mozzarella cheese
- 2 cups torn leaf lettuce
- 1 medium peach, cut into wedges
- 1 large heirloom tomato, cut into wedges
- 1/2 cup loosely packed basil leaves
- 2 tablespoons extra virgin olive oil
- 1 tablespoon balsamic vinegar
- 1/4 teaspoon flaky sea salt
- 1/8 teaspoon coarsely ground pepper

Directions

Tear mozzarella into large pieces. On 2 large plates, arrange lettuce, peach wedges, tomato wedges, mozzarella and basil. Drizzle with olive oil and vinegar; sprinkle with salt and pepper.

Barbecued Picnic Chicken

TOTAL TIME: Prep: 15 min. Grill: 45 min. **YIELD:** 8 servings.

Cooked on a covered grill, the poultry stays so tender and juicy. Everyone loves the zesty, slightly sweet homemade barbecue sauce—and it's so easy to make. —Priscilla Weaver, Hagerstown, Maryland

Ingredients

- 2 garlic cloves, minced
- 2 teaspoons butter
- 1 cup ketchup
- 1/4 cup packed brown sugar
- 1/4 cup chili sauce
- 2 tablespoons Worcestershire sauce
- 1 tablespoon celery seed
- 1 tablespoon prepared mustard
- 1/2 teaspoon salt
- 2 dashes hot pepper sauce
- 2 broiler/fryer chickens (3-1/2 to 4 pounds each), cut up

Directions

In a large saucepan, sauté garlic in butter until tender. Add the next 8 ingredients. Bring to a boil, stirring constantly. Remove from the heat; set aside.

On a lightly greased grill rack, grill chicken, covered, over medium heat for 30 minutes, turning occasionally. Baste with sauce. Grill 15 minutes longer or until a thermometer reaches 170°, basting and turning several times.

Grouper on the Grill

TOTAL TIME: Prep. 15 min. Grill 15 min. **YIELD:** 2 servings

Fire up the grill and enjoy a delicious dinner of grilled grouper with lemon and herbs. This recipe takes under 30 minutes and cleanup is easy using aluminum foil packs.

Ingredients:

- 2 (6-ounce) grouper fillets
- 1 tablespoon olive oil
- 1 tablespoon fresh lemon juice
- 2 teaspoons Italian herb seasoning blend
- Fresh lemon wedges

Instructions:

Lay the grouper on a large enough piece of aluminum foil. Sprinkle the Italian seasonings over the grouper and drizzle each fillet with olive oil and fresh lemon juice. Crimp the foil tightly into a packet.

Heat the grill to medium heat and place the foil packet on the grill grates. Grill for 10 to 12 minutes. Remove the foil packet from the grill and wait one minute before opening. The fish should be flaky and firm.

Veterans With a Service-Connected Disability

Veterans with a service-connected disability rating of 10% - 99%, or their surviving spouse, are eligible to receive a \$5,000 exemption on their homesteaded property's assessed value. Florida law also provides a full exemption for veterans with a 100% service-connected disability rating or the veteran's surviving spouse.

If your service-connected disability rating has increased to 100% since you initially filed for your Veteran's Exemption, please provide our office with a certificate indicating your 100% service-connected disability rating from the US Government or US Department of Veterans. You can email a copy of this certificate to exemptions@bcpa.net. The deadline to file for all 2023 exemptions is September 18, 2023.

Helpful Resources Available Online at web.bcpa.net

Property owners who need proof of residency for school applications or proof of Homestead Exemption can easily print a copy of their property record directly from our website. Visit our website at <https://web.bcpa.net/>

[bcpaclient/#/Record-Search](#). Search for your home by name or address. Once you find your property record, you can print or save the property record page as a PDF (last icon on the tool bar).

To find the property taxes paid on a property, search for your property record and click on the "Tax" icon to link to the Tax Collector's website or visit their website at <https://county-taxes.net/broward>

Property owners who would like to view sales in their subdivision can click on the "Map" icon. An aerial view of the property will appear and a layer list box on the left side enables you to click on the "No Sales" drop down box to select sales you would like to view. Any sales you select will then populate on the aerial map. You can also view this information in the "Recent Sales in this Subdivision" section on the property record page (click on "More Sales" to view additional sales in your subdivision).

If my office can ever be of assistance to you, please do not hesitate to contact me directly at martykiar@bcpa.net.

8 Useful Idioms and Phrases to Improve Your English

When it comes to mastering a language, there is no substitute for practice. However, it can be helpful to know some of the most commonly used idioms and phrases in order to quickly and accurately express yourself in English. Idioms, in particular, are a great way to make your English sound more natural and native-like. Here are some of the most useful and common idioms and phrases that you can use to improve your English.

Idiom: "Once in a Blue Moon"

This idiom is used to describe something that happens very rarely. For example, if you say you go to the movies once in a blue moon, it means you don't go to the movies very often.

Phrase: "The Best of Both Worlds"

This phrase is used to describe a situation where you can enjoy the advantages of two different scenarios. For example, if you say that you have the best of both worlds, it means that you are able to enjoy the benefits of two different circumstances.

Idiom: "Piece of Cake"

This idiom is used to describe something that is very easy to do. For example, if you say that a task is a piece of cake, it means that the task is very straightforward and easy to complete.

Phrase: "Think Outside the Box"

This phrase is used to encourage someone to think of creative or innovative solutions to a problem. For example, if you tell someone to think outside the box, it means that you want them to consider alternative solutions that are not immediately obvious.

Idiom: "Break a Leg"

This idiom is used to wish someone good luck. It is typically used before a performance or presentation. For example, if you tell someone to break a leg before their presentation, it means that you are wishing them luck and success.

Phrase: "Hit the Books"

This phrase is used to describe studying or doing research. For example, if you say that you are going to hit the books, it means that you are going to spend some time studying or doing research.

Idiom: "Cut to the Chase"

This idiom is used to tell someone to get to the point quickly. For example, if someone is talking and you tell them to cut to the chase, it means that you want them to get to the point quickly and avoid unnecessary details.

Phrase: "Cost an Arm and a Leg"

This phrase is used to describe something that is very expensive. For example, if you say that a product costs an arm and a leg, it means that the product is very expensive.

These are just a few of the many useful idioms and phrases that you can use to improve your English. With practice and memorization, you will be able to use these expressions in your everyday conversations. So take the time to learn and practice these expressions and you will quickly see your English improve.

- Shut off water and gas line, main break, and unplug items.
- Secure any loose items outside of your home (trash cans, etc).
- Get refills on any necessary prescriptions.
- Restock your first aid kit.

COLLECT SUPPLIES

- Focus on the essentials and plan to have no power or water.
- Collect enough food/water/medicine for 3-7 days.
- Gas, batteries, radios, chargers
- Supplies for pets including carriers and rabies records.
- Basic tool-kit.

MAKE A PLAN FOR STAYING & GOING

- Evaluate the risks for your own situation (type of house, trees near your house, flooding, etc.)
- Check the storm surge maps for your area.
- How long are you willing to stay in your house w/o power?

PREPARE FOR A COMMUTE

- Current roads and markets are not designed for 80-100% of the population to use them, so gas up your cars and know your route.
- Plan on the trip taking 3-4x longer.
- Bring snacks & games for the trip.

STEPS AFTER THE STORM

After the storm, roads may be closed and power could be out for days if not weeks. Make sure to document all damage, keep all receipts, and be wary of predatory contractors. Review your insurance coverage and utilize the recovery websites and agencies.

Conservative Club

By Andrea Joy Frankel-Bellitto

Hello from The Conservative Club of Wynmoor. We hope everyone is having a great summer. We just paid tribute to our brave fallen heroes on Memorial Day and then again to those dead and still alive that was in the invasion at Normandy. D Day! We do not have very many left of the greatest generation that helped save Europe and America from Nazi occupation. We salute All that serve our great nation in every capacity. In EVERY uniform. Every 1st responder!

I want to thank our Coconut Creek Crime Prevention for a great meeting last month. It was very informative.

This month our club is extremely proud to welcome back as our guest speaker, the famed Tom Trento! He is exceedingly knowledgeable and traveled! He is the director of The United West. He is a defender our Constitution and Israel. In fact, he just got back. There will be a Q and A.

Our meeting is on July 18th at 7:30 p.m. at Ballroom A in the Wynmoor Clubhouse. I ask you to begin arriving by 7:00 p.m. to sign in, get your snacks and seats!

We will have a 50/50 drawing and a second drawing as well. Please be advised, we will be on hiatus for the month of August as many take their vacations. We will resume on September 18, 2023.

Hadassah

By Toby Norman

We are not meeting over the summer months, but are still thinking of all of our *sisters*. We will start our season on September 6, 2023 with our first general meeting. The doors to the West Wing will be open at 12:30 p.m. so that there is time to visit with friends that we have not seen for a couple of months and to introduce ourselves to those we have not met yet. Our President, Bernice Riback will call the meeting to order at 1:00 p.m. and then we will have our program.

REMEMBER: There is a card party on July 23, 2023, in the West Wing at 10:30 a.m. Form your tables and send in your checks and the names of the players to Lenae Herman as soon as your tables are completed. If you do not have a game and wish to join one, speak with Lenae. She may be able to add you to an incomplete game. Men - we would love to have you join us! For our admission fee, you are supplied with a dairy box lunch, a good time with fun and laughs. Flyers for this card party can be found on the carousel outside of the business office in the main clubhouse.

By the end of July, there should be flyers on the carousel letting you know our upcoming season's programs and special events. Next time you are near the clubhouse, stop in and pick one up. Then you can join us for as many of our events as you can.

Even during the summer, if you need a tree or a certificate for any occasion, please call Bernice Riback 954-984-1703, and she will be glad to help you. Your continued support of Hadassah is greatly appreciated.

Nature And Arts Club

By Jane Chilewich

A flower in bloom, a rippling brook with tiny fish swimming here and there or another magnificent Florida sunset over the ocean. Please open your minds as I did to what this wonderful club has to offer you. I hope it will open new doors to you as it did for me.

I moved to Wynmoor July 2020 right in the midst of Covid so you can imagine how lonely that was for me. Not too long after clubs began to open, a friend approached me and suggested I join the Nature and Arts Club. I questioned why, but I wrote the check anyway. Boy am I glad I did. WOW! What wonderful people run this club with something to offer for everyone.

Want to visit nature, the trips are available. The museum trips are fantastic and visiting farms and nature centers was great fun. In addition, monthly brunches including exceptional programs such as Bee Keeping in Florida to Gregory Dirr, a wonderful visual artist are among the many exciting programs we offer.

The best part of the club is the new friendships I have made along the way. I wish you all a healthy and happy summer and please watch for upcoming membership news and future programs. Most importantly, join me next year please.

Fondly...Jane

Have a happy July 4th, stay safe.

Night Tennis

By Jo Ann Perreault

Summer weather is here, and we are less inclined to run around in the heat. The remedy for back side couch implants is Night Tennis.

The Night Tennis program has been run for 16 years under the guidance of Jo Ann Perreault and Dennis Levans. Every Monday, Tuesday, and Thursday nights from 6:30 - 8:00 p.m., with a warmup period beginning at 6:15 p.m., they shepherd players to a good time.

Mondays and Tuesday's fee of a dollar is requested, no charge on Thursdays. The money collected is used to purchase balls, so they always play with new balls and the surplus funds are used for pizza parties.

The required skill level is 3.0 - meaning being able to serve, and return serve effectively and to maintain one's part in a rally. If this describes your ability, please come, and join the players for exercise and socializing under the lights.

Pickleball Club

By Mayda Coombs

We are in the middle of summer and no matter how hot and steamy it gets you can still find people playing Pickleball. The heat will not stop us. Pickleball is a sport and it is known for being very social. While laughing and enjoying playing you will make new lifelong friends.

We still are giving Saturday morning classes.

Whitehall, Enjoying Fine Decorative Art In An Elegant Setting

By Barry Isaac

Several months ago, I returned to the Flagler Museum in Palm Beach, Florida. This is an elegant mansion built in the early 20th Century for Oil and Railroad Magnate, Henry Flagler and his wife, during America's Gilded Age. This mansion has been and still is called *Whitehall*. The Flagler Museum is primarily an outstanding museum for those who appreciate Decorative Art.

The following rooms on the First Floor were very noteworthy; The Drawing Room (for entertaining female guests; decorative use of aluminum), The Dining Room (French Renaissance Style, The Billiard Room (for entertaining male guests, Billiards, Pool, Snooker), The Library (has Renaissance Period features), and The Music Room, a very dark room with paintings arranged Gallery Style and a huge organ.

On the Second Floor, I was especially fascinated by Henry Flagler's very ornate Master Bedroom Suite decorated in Louis XIV Style with its original furniture. I also appreciated The Blue Room, The Heliotrope Room, The Yellow Roses Room, and The Silver Maple Room, reminiscent of the Pre-Raphaelite Period reflecting early 20th Century British Taste.

The Flagler Museum seemed to deemphasize the oil paintings that it has on display by placing most of them in the very dark Music Room. Nevertheless, I saw fine 19th and early 20th Century Paintings by the following Spanish Painters; Martin Rico "Canal," Emilio Sanchez Perrier "Harvest Scene," and Raimundo Madrazo

(a stellar portrait of Henry Flagler) I also liked Jean Aubert's "Le Lecon D'Harmonie" and a splendid portrait by Thomas Lawrence, "The Duchess of Cleveland."

I also relished Henry Flagler's Railroad Car reflecting the grandeur of Rail Travel in the early 20th Century. Parking is free. The twenty-six dollar cost of admission is a bit high, but you only live once. So, enjoy, this special place to relish Decorative Art and early 20th Century Florida History. For information, call 561-655-2833.
