From the President

Good day Wynmoor residents!

Many of our neighbors and friends have gone back up north for the summer months and will be missed. For those who remain all year round, our calendar is brimming with a plethora of activities and events designed to cater to every taste and preference. Whether you're in the mood for captivating shows, gripping movies, spirited rounds of bingo, or perhaps a rendition of your favorite tune at karaoke, Wynmoor has something for everyone. And let's not forget the joys of outdoor pursuits like golf, pickleball, tennis, bocce, and shuffleboard, or simply basking in the sun by the pool or beach.

Behind the scenes, it is important to recognize the dedicated efforts of our administrative staff and volunteers who work tirelessly to uphold the high standards that define our community. Their commitment goes beyond the call of duty, as they consider each of us not just as residents but as family and friends. So, if you happen to cross paths with them, please take a moment to extend a warm greeting or a heartfelt thank you for their invaluable contributions.

Let's talk about Committees.

Every unit owner is eligible to serve on Council Committees.

Standing Committees consist of Budget and Finance, Architectural, Long-Range Planning, Bylaws, and Grounds. Ad hoc committees are formed when deemed necessary.

All committee members and committee chairpersons are appointed by the President of the Community Council with the advice of the other elected Council Officers. Appointments are made among those unit owners who have expressed interest in the subject matter of the Committee and have the appropriate background and experience relevant to the committee's interests. Each committee acts on behalf of the residents at the direction of the Board of Directors. Each Committee will consist of several members. Each committee shall meet as often as the chair deems necessary and shall make regular reports of its meetings to the Board of Directors.

The appropriate committees consider issues facing the Council. It is not unusual for individual committees to be involved with other committees, and it may be beneficial for committees to collaborate and work together on certain issues. For example, physical design considerations normally fall to the Architectural Committee. Changes in revenue expectations or cost of operations that may be involved would typically be of concern to the Budget and Finance Committee. The Long-Range Planning Committee establishes

a plan for replacement or improvements for Common Element Improvements. The mission of the Grounds Committee is to recommend the maintenance and improvement of the grounds on Common Elements. These tasks include landscaping ideas, irrigation, and aesthetic quality and beauty of our grounds. Because of this interplay, it is incumbent on the Chairpersons of each committee to be familiar with the functional assignments of all other committees.

Goals may be set for the committee by specific assignments from the Board of Directors or the Council Officers. More frequently, however, they arise from problems or issues identified by the committee itself or presented to it in the form of unit owner suggestions or requests.

We are grateful for each committee member's willingness to give their time, energy, expertise, and talents. Their support of Wynmoor allows us to continue to fulfill our mission in our community.

It is important to recognize and honor the sacrifices made by those who have served their country, especially on Memorial Day. The phrase "Freedom is Not Free" serves as a reminder of the immense cost paid by individuals and their families in the pursuit of preserving freedom and security for others. Memorial Day is a solemn occasion to reflect on these sacrifices and express our gratitude for their service to our country.

Additionally, acknowledging the vital roles that women play in our lives is equally important. Mothers, daughters, sisters, aunts, grandmothers, and all women contribute in countless ways, whether through nurturing, support, guidance, or inspiration. Mother's Day offers a special opportunity to show appreciation for the love and care they provide. Let us remember to honor those women who have given unselfishly and let us express our gratitude to all the women who touched our lives in meaningful ways.

GOD BLESS,
JACKIE RAILEY

Don't Destroy America Your Ancestors Once Loved

By Mobolaji Adedoyin

Unless you are a Native American or Indigenous Indian, your ancestors came to the United States from another country. Apart from African Americans that were captured in Africa and forced to come to America, most citizens' ancestors that willfully migrated to this country were happy they came here.

With all the short comings of this country - mainly slave trade, killings of indigenous people, discrimination against other immigrants (Jews, Italians, etc.) and women, America survived a few international and domestic wars. I would like to remember and pay tribute to millions that shed their blood or paid the ultimate price in this country either through slavery, in wars, internal conflicts or through no fault of their own.

I know it was not easy for millions of immigrants to survive many moons ago. That is no news because it is still not easy for new immigrants to survive today. However, for over two centuries, millions of people from all over the world came to America - several risked their lives, and sometimes their children's lives, trying to set their feet in this country. Even people in countries that are not friendly with America want to come here and see with their own eyes what is going on in this country. Immigrants continue to come here with dreams, and determination to work hard and to succeed and the majority did and will succeed and make this country stronger. Immigrants still believe with hard work they would be more comfortable in America.

During the past five decades, I met several immigrants with college degrees from other countries, some could not even speak the English language. I met people with bachelor, graduate and doctorate degrees working as janitors,

security guards and taxi drivers as I travelled to many states. Those immigrants did not complain about their sacrifices, how they took menial jobs to survive, because their main goal was to build a better future for their children and grandchildren in this country.

During the past seven years, Americans have grown apart and divided on what many would not articulate openly - many refer to what is going on today as "political disagreement". What does political disagreement have to do with saying the sky is red when most people could see that the sky is blue? What does politics have to do with someone being prosecuted for tax evasion or starting a phony university that ripped off hundreds of students?

It is sad when we can no longer trust many members of Congress and Senators in the United States of America. Many of them don't stand for the common truth anymore. It is inappropriate when a judge would not follow the rule of law and become politically partisan on the bench. It is also scary when the Supreme Court is no longer a reasonable institution, with fair judgment and common sense.

- For those that will sell their souls and refuse to tell the truth - please don't destroy America.
- For those that sell America's secret information to our enemies, that could harm us - please don't destroy America.
- For those that support a candidate for a public office that is corrupt and lies every time - please don't destroy America.
- For those travelling abroad to undermine the interest of America - please don't destroy America.
- For those that borrowed so much money from Russia and want to sell America to Russia - please don't destroy America.
- For those that are prejudice and hate other groups of people without good

What is Honor and Why Do We Practice It?

By Lawrence E. Correia

I have often asked myself, what is honor, and to my surprise I have found that it has a wide variety of interpretations and misunderstandings. It does seem that here in the USA, we tend to think of this word as merely a term we expect others to adhere but regard loosely for ourselves.

First of all, what is the Webster dictionary's definition of honor?

1. To regard or treat one with high respect or esteem.
2. To revere prize and value merit and rank.
3. To be willing to fulfill one's terms of commitment.
4. To demand honesty, fairness and integrity in one's beliefs and actions.

When I read these definitions of honor, I really wonder how well we truly believe and practice what is stated in the first definition. Do we actually demonstrate high respect and esteem for fellow human beings, when even our leadership regards others as trash and garbage for desiring asylum in our country.

In the second definition, do we truly revere, prize and value merit and rank. I can't help remembering that the returning veterans from the Korean War (the Forgotten War) who were ignored and forgotten. Even the veterans for the Vietnam War were treated not as heroes but instead treated as butchers and vermin for taking part in that war. Where was the respect to those who sacrificed much for our country and its bidding. Where was America's honor to those who sacrificed so much?

The third definition of fulfilling one's terms of commitment is the one that seems to be the most difficult for humans to accept. We tend to comply with those commitments that meet our needs and find ways to excuse our fulfilling others. Consider how many agreements are broken or not fulfilled because we believe something is better just around the corner. Just consider how many persons have taken an oath before their deity and fellow citizens to love, honor and cherish their spouse until death do them part, and yet how many ends up in divorce court. Where is their commitment and honor then? How many of us say, that we believe we are all God's children and yet we discriminate against others based on ethnicity, religion, culture, and race. I can't understand how we can say we believe in one thing and practice another. In Shakespeare's play Hamlet, Polonius told his son Laertes "This above all to thine own self be true for it must follow as the night the day, thou canst not be false to any man." It is a shame that we find it so difficult to practice all the definitions that we say we believe.

I firmly believe that there will be a time, when we will have to answer to a greater power for our beliefs and whether or not we actually practice what we say we believe. I am convinced that those who make an earnest effort to practice what they say, will be fairly judged.

If You Now Have Equity In Your Home, Consider Doing A Trust!

By Martin Zevin, Attorney

In 2012, I wrote an article recommending against doing a Revocable Living Trust if you were “underwater” with your mortgage. I wrote that article before the housing market in South Florida began to recover.

The last five years have seen significant increases in property values. This has resulted in many homeowners now having positive equity. In the third quarter of 2015, 322,701 homeowners in Palm Beach, Broward and Dade counties owed at least 1/4 more than the market value. However, according to a recent article in the Sun Sentinel, most homeowners now have equity in their home.

In the article I wrote in 2012, I advised clients to live long enough to see their properties increase in value to exceed the amount of the mortgage; at that time, they could come back to me to discuss a Revocable Living Trust. That time is now here.

Without equity in your home, it does not make sense to pay an attorney the fee and costs involved in creating a Trust, since you would be burdening your heirs with a property that has a negative equity. However, once that equity turns positive, you are doing your heirs a favor by eliminating the time and money involved in going through probate. Remember also that the Trust is called a “Revocable Living Trust.” This means that, as long as you are alive, the Trust remains with you. You can always sell your home

and buy a new home as Trustee of your Trust. You do not need to change the Trust unless you want to change the beneficiaries for the new property. You can also buy additional properties, in Florida or out of state, as Trustee of your Trust.

Therefore, if you now have equity in your home, you should seriously consider creating a Trust. Transferring your home to the Trust will not change your homestead or your real estate taxes.

In addition, regardless of the equity in your home, it is extremely important to have current advance care directives to protect you if you are incapacitated. These include the Durable Power of Attorney (which must specifically include the address of your property) as well as the Designation of Health Care Surrogate and Living Will. New Florida laws could mean that your current documents need to be revised.

Please feel free to call me for a free personal or phone consultation regarding any issues pertaining to Wills, Trusts, Deeds, Probate, Power of Attorney or Health Care Surrogate. I am also available for free consultation regarding personal injury claims or car insurance coverage. Call me at 954-569-4878. My address is 3275 W. Hillsboro Blvd., Suite 204, Deerfield Beach, Florida 33442. My website is www.martinzevinpa.com and my e-mail address is martinzevin@netzero.com.

Martin Zevin, head of the firm, has been practicing in the areas of Personal Injury, Wills, Trusts & Estates in Broward & Palm Beach Counties since 1973.

During this current time of social distancing, I have been consulting with clients via phone, e-mail and regular mail. In the past, my free initial consultation would normally be a personal meeting.

We offer free consultations for all personal injury cases, including car accidents, slip and fall, pedestrians, bicyclists, etc.

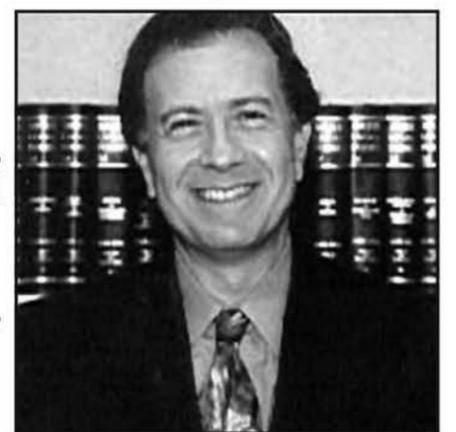

We also offer free consultation for Wills, Living Trusts & Probate

Included in free consultation for Wills, Trusts and Estates:

1. What are the differences between a Will and a Revocable Living Trust?
2. What is Probate, how long does it take and what are the costs and attorney's fees?
3. Why is it important for every adult to have a Durable Power of Attorney, Designation of Health Care Surrogate and Living Will?
4. Review of your current legal documents.

Included in free consultation for personal injury:

1. How much is your case worth?
2. How long will it take to settle or go to court?
3. How much for costs and attorney's fees?
4. Referrals to doctors.
5. Review of your car insurance.

ASK DR. JOY

By Joy Berke Sanchez Ph.D.

Determination, Deliberateness, Design or Default

Our lives can be based on and created by the above.

This article is both a continuation of last months on Thoughts and Beliefs and a very short synopsis of a chapter in my book, The Pursuit of

Happiness. It is the first article in a while that is not a reprint or edited version of a previous one.

We can live our lives by the first 3Ds or by the fourth. We can let things unfold or create them the way we want them to be or even through a combination of purpose and default.

Can we decide to be happy, peaceful, and content just because we think we should be and want to be? Do most people even believe they should be happy? Do they believe it is their birthright? Or is it something they think they must earn based upon their good acts or achievements? Is it something they subconsciously think they shouldn't have because so many others are suffering? How much suffering do you have to endure to ease the suffering of someone else? How sick do you have to get to heal someone else? How poor do you have to be to help those in poverty? What do you think about these questions? In my book I ask people to write down their answers to these questions. They are very revealing.

Once you know what you truly believe it will become much easier for you to choose by design to believe something else and begin to practice this new belief.

A lot of years ago there was a movement called EST. A lot of you may have heard of it. One of their pet sayings was 'if you want to know what you want, look at what you've got'. I was bothered by this saying and changed it in my own universe to 'you don't get what you want, you get what you believe whether you want it or not.' That is why it is so important to know and understand our own beliefs no matter how much we may struggle to find them and when we do, see that they are based on nothing but habit and upbringing. Most of us did not choose our beliefs deliberately but rather by default, perhaps even before we developed critical thinking of our own. To go from default creating which is just letting life unfold to deliberate creating is one of the best things anyone can do. People must understand that they did not create things they didn't want deliberately but somewhere in their consciousness was a belief that was the equivalent of what they wound up with.

It's a very difficult sell for me to convince you that you brought things into your life that you didn't want. Everyone I know, no matter the level or their consciousness or intelligence struggles with this to some degree. Obviously, my default creations appear to come arbitrarily through no responsibility of my own. Dr. Wayne Dyer wrote a book called The Power of Intention. I use intention and determination interchangeably here. Is it your intention to feel good, to be happy, to be peaceful, to be calm, to have good relationships and on and on? All these end results come from your beliefs which come from your thinking.

I'm going to leave this topic here for you to ponder or not. I hope you do.

My current class will be ending at the end of June and reconvening after Labor Day when I will be adding some new people. If you are interested let me know at JoyB212@aol.com

Jordan T. Spohn, AAMS[®] Financial Advisor For EDWARD JONES (954) 973-0825

How is your retirement taxed?

Once you're retired, you will likely need to draw on several types of income for your living expenses. You'll need to know where these funds are coming from and how much you can count on, but you should also be aware of how this money is taxed — because this knowledge can help you plan and budget for your retirement years.

Here's the basic tax information on some key sources of retirement income:

- **Social Security** – Many people don't realize they may have to pay taxes on their Social Security benefits. Whether your benefits will be taxed depends on how much other taxable income you receive from various sources, such as self-employment, stock dividends and interest payments. You'll want to check with your tax advisor to determine whether your income reaches the threshold where your Social Security benefits will be taxed. The lower your total taxable income, the lower the taxes will be on your benefits. The Social Security Administration will not automatically take out taxes from your monthly checks — to have taxes withheld, you will need to fill out Form W-4V (Voluntary Withholding Request). Again, your tax advisor can help you determine the percentage of your benefits you should withhold.

- **Retirement accounts** – During your working years, you may have contributed to two basic retirement accounts: an IRA and a 401(k) or similar plan (such as a 457(b) plan for state and local government employees or a 403(b) plan for educators and employees of some nonprofits). If you invested in a "traditional" IRA or 401(k) or similar plan, your contributions may have been partially or completely deductible and your earnings grew on a tax-deferred basis. But when you start taking withdrawals from your traditional IRA or 401(k), the money is considered taxable at your normal income tax rate. However, if you chose the "Roth" option (when available), your contributions were not deductible, but your earnings and withdrawals are tax-free, provided

you meet certain conditions.

- **Annuities** – Many investors use annuities to supplement their retirement income. An annuity is essentially a contract between you and an insurance company in which the insurer pays you an income stream for a given number of years, or for life, in exchange for the premiums you paid. You typically purchase a "qualified" annuity with pre-tax dollars, possibly within a traditional IRA or 401(k), so your premiums may be deductible, and your earnings can grow tax deferred. Once you start taking payouts, the entire amount — your contributions and earnings — are taxable at your individual tax rate. On the other hand, you purchase "non-qualified" annuities with after-tax dollars, so your premiums aren't deductible, but just like qualified annuities, your earnings grow on a tax-deferred basis. When you take payments, you won't pay taxes on the principal amounts you invested but the earnings will be taxed as ordinary income.

We've looked at some general rules governing different sources of income, but you should consult your tax professional about your specific situation. Ultimately, factors such as your goals, lifestyle and time horizon should drive the decisions you make for your retirement income. Nonetheless, you may want to look for ways to control the taxes that result from your various income pools. And the more you know about how your income is taxed, the fewer unpleasant surprises you may experience.

A Manifestation of the Natural Beauty of South Florida

By Barry Isaac

Ever since I came to South Florida in 1979, I have spent relaxing quality time at the Arthur Marshall Loxahatchee National Wildlife Refuge off Lee Road in Boynton Beach, Florida. It is located very close to Bednar's Food Store Complex.

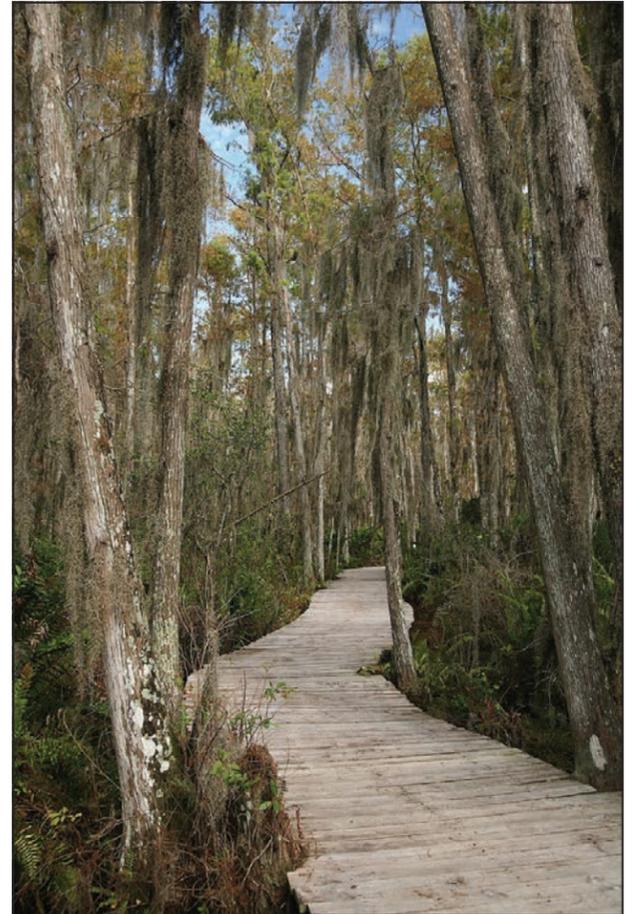

Walking on the half mile Cypress Swamp Boardwalk usually is an auspicious start to my several hours of enjoying Florida nature. Marjorie Stoneman Douglas zealously advocated in her lifetime. On this walk, I see a plethora of ferns (Strap, Leather, Cinnamon, Royal). I also see Cypress Trees with lichens on their barks, especially Baton Rouge Lichens. I also see many Cypress Knees. I appreciate the quietness of this Cypress Swamp Boardwalk.

Subsequently, I walk on its grassy marsh trails and appreciate the Florida Wetlands for about two miles. Many times, I see alligators, Anhingas, Great American Egrets, turtles, and the omnipresent Moorhens.

There is a fine, small museum on the premises which emphasizes the flora and fauna of the Florida Wetlands. There are staff members and enthusiastic volunteers who help me understand the beauty of the real Florida free of automobile traffic and commercialism.

Granted for me, the walks are very easy. I have done somewhat strenuous hikes in the Western States of the United States. I have a Senior Citizen Park Pass and I use it often to enjoy "America The Beautiful."

There is a ten dollar fee to enter this refuge per automobile for those without park passes. Hopefully, you will relish your time at the Arthur Marshall Wildlife Refuge as much as I do. For further information, you can call 1-561-734-8303.

The finished puzzle should be filled with Xs and Os. Horizontally and vertically, there should never be a continuous run of the same symbol longer than 2. There are an equal number of Xs and Os in each row and column. All rows are unique. All columns are unique, too.

Our Focus Is On Excellent Service!

Service Equals Reward

By Sheriff Gregory Tony

The BSO Pillars

Shortly after becoming sheriff, I introduced the Broward Sheriff's Office (BSO) Pillars, six initiatives designed to enhance our ability to protect and serve the community. These pillars outlined BSO's vision to establish one of the nation's most progressive, transparent and efficient public safety organizations. Most importantly, each was created with a focus to ensure the safety of every Broward County resident. I am excited to share with you the progress we've made so far:

School Safety and Technology

BSO remains committed to prioritizing the safety of our students. Equipped with cutting-edge technology, our Real Time Crime Center (RTCC) continues identifying and investigating potential threats to our community and schools. With access to nearly 25,000 cameras in public schools, houses of worship and county facilities, the RTCC has assisted in investigating over 5,600 incidents, which led to 117 arrests. Our efforts have proven successful, and in the coming months, the RTCC will expand to include additional staff, upgraded technology and more space for partner agencies.

Also integral to school safety is BSO's robust Incident Command System (ICS) training, ensuring all personnel are ready to act if a critical incident occurs. Further, all deputies receive ongoing active assailant training to enhance their preparedness.

Serving the Broward Community

Fostering genuine relationships with our residents is vital. Initiatives such as our Park, Walk and Talk (PWT) program and the Neighborhood Support Team (NST) have facilitated great community trust. In the past year, our deputies had more than 38,000 community encounters through PWT, and NST distributed over 100,000 important public safety materials.

BSO's Department of Fire Rescue and Emergency Services also takes community education to the next level. Employing a second-to-none public education program, our dedicated team of Life Safety Educators teaches hands-only CPR and bleeding control courses, critical skills in a lifesaving emergency. They also offer free car seat installations and inspections and help educate parents and caregivers on child passenger safety.

Last year, I formed a committee to draft a comprehensive plan for BSO, leading us to a sustainable, progressive and innovative future. As we move forward, our 2024-2028 strategic plan will continue to bolster our community engagement efforts, focusing on strengthening community relationships, optimizing resource allocation and expanding the availability of online educational platforms for the public.

Training and Preparedness

In the coming months, we will open the doors to BSO's first-ever Research, Development and Training Center (RDTC), a 104,000-square-foot state-of-the-art facility. Every aspect of the RDTC will elevate our preparedness. Two 50-yard tactical firing ranges will allow for vehicle entry to replicate vehicle takedowns and active shooter scenarios, and a shoot house will be outfitted with reconfigurable panels to host a myriad of real-world training experiences. The RDTC will consolidate training efforts, enhance communication among BSO departments and foster collaboration with neighboring municipalities, ensuring seamless public safety operations throughout Broward County.

Promoting from Within

Over the past five years, we've promoted more than 1,300 employees. Our emphasis on education and leadership development courses have aided these promotions. We have also expanded academic partnerships, providing opportunities for greater professional growth. A forthcoming career track will establish employee benchmarks and provide avenues for advancement.

Recruitment

Strategic recruitment efforts have filled more than 2,000 needed positions throughout the organization. We reduced our communication center vacancy rate from 24 percent to zero. We focus our recruitment efforts on qualified individuals interested in serving the community and emphasize the inherent rewards of a public safety career. BSO is committed to innovative initiatives to continue attracting top talent.

Accountability and Transparency

BSO remains a beacon of accountability and transparency, exemplified by our actions. The men and women who work for this organization are held to the highest standards. Our Office of Inspector General, created in 2021, continues to ensure our organization runs efficiently, economically and responsibly. BSO also publishes an annual report to provide a greater understanding of how tax dollars are spent in service to protect and serve the Broward County community. To read the latest report, visit www.sheriff.org/SheriffTony.

BSO will continue to drive forward, focusing on these foundational pillars of success. We remain dedicated to sustainable growth and excellence in service, embodying a purpose-driven, service-oriented approach to public safety.

Acupuncture and Elite Athletes

By Marcus Smith, Licensed Acupuncture Physician

As the science of sports training continues to evolve, professional athletes are turning to alternative and holistic approaches to enhance their performance and recovery. Among these, acupuncture, and Asian Medicine, including techniques like cupping,

have gained significant popularity for their ability to address various physical and mental aspects crucial for athletic success.

Athletes such as LeBron James, Michael Phelps, Tom Brady, and even golfers like Tiger Woods have openly credited acupuncture for expediting their recovery from injuries and maintaining peak physical condition.

One of the primary benefits of Acupuncture is the reduction of inflammation. Intensive training and competition often lead to inflammation in the muscles and joints, contributing to soreness and a longer recovery period. Acupuncture's strategic placement of needles helps stimulate blood flow and activate the body's natural anti-inflammatory responses, facilitating quicker recovery.

Another key benefit is pain management. Athletes frequently deal with acute and chronic pain resulting from injuries or the sheer physical strain of their sport. Acupuncture's analgesic effects, attributed to the release of endorphins and modulation of pain signals in the nervous system, provide a drug-free alternative for managing pain and discomfort.

Acupuncture promotes tissue healing, crucial in dealing with injuries. The insertion of hair-thin needles triggers micro-trauma, prompting the body to initiate its healing processes. This not only accelerates the repair of

damaged tissues but also enhances overall recovery, allowing the return to peak performance levels quicker.

The Cupping Phenomenon: (No, that is not a love bite!)

Cupping therapy has emerged as another favored intervention for athletes wanting to enhance their performance. Olympic swimmer Michael Phelps, gymnast Alex Naddour, Olympic sprinter Usain Bolt, and NBA star Luka Doncic have all acknowledged cupping as a key component of their wellness regimens, attesting to its benefits across different sports.

One of the primary advantages of cupping therapy is its ability to improve blood circulation. Cupping involves the use of suction cups placed on specific areas of the body, creating a vacuum effect, and sometimes leaving a temporary circular impression on the skin, often mistaken for a bruise. This suction enhances blood circulation, promoting the efficient delivery of nutrients to muscles and facilitating the removal of metabolic waste. Improved blood circulation plays a pivotal role in supporting muscle recovery, reducing inflammation, and enhancing overall athletic performance.

Cupping addresses muscle tightness as well. The suction created by the cups helps release fascial restrictions, which are tight bands of connective tissue that can contribute to muscle tension, discomfort, and limited range-of-motion. By alleviating these restrictions, cupping therapy contributes to enhanced flexibility, reduced muscle tightness, and more effective pain management.

WLGA

By Linda Sue Lewis-Moors

WLGA (Wynmoor Ladies Golf Association) members were cautiously optimistic after an early morning rain on Tuesday, March 19. Over 40 golfers showed up for our annual, much anticipated Color Wars scramble and luncheon. The weather soon proved to be perfect as the blue and pink teams, each team member dressed in her team's color, enjoyed this vibrant competition. Following the golf tournament, golfers and social members adjourned for lunch in Ballroom A, which was gaily decorated in the event's pink and blue color scheme.

The blue team emerged victorious, and each blue team member received a bottle of wine. Pink team members were awarded scratch off tickets. Everyone who participated was truly a winner and earned the reward of another fun day with great companions.

Balance and Aging

By Ron Molino, Certified Personal Trainer

Balance & Aging – Resistance Training = Strength

By Ron Molino, Certified Personal Trainer

Hello again fellow Wynmoor residents. At the February Health & Wellness meeting, I demonstrated a couple of easy and effective balance exercises. As I have stated in the past in articles and at the meetings, there are numerous reasons for loss of balance. Some are easier, some are more difficult, and some are very difficult to get positive results. The easiest in my opinion and experience is working on weakness. That’s why my subtitle is about resistance training. Resistance training can be done with weights, machines, tubing, resistance bands and body weight. The goal is to build muscle and improve strength. Getting stronger will help improve balance and help with walking. In addition, if a person falls it can help in breaking the fall and prevent more serious injuries and can help a person get up if there is no one to help them get up.

Wynmoor has an adequate gym with lots of equipment. There are many local gyms, and you can also work out at home with just a little equipment. To build muscle you will also make some modifications to your diet. You need to increase your protein consumption. Most people eat too many carbohydrates and not enough protein. Carbohydrates are what give you energy, but proteins are what builds muscle which in turn makes you stronger. If anyone has any questions you can reach me at 954-673-6700. But remember, you are the one who must make the decision to help yourself!

We hope all our friends who celebrated holy days in April had wonderful and meaningful experiences spent with family and/or friends.

Exciting news! Our Sisterhood has started up again and will meet the second Thursday of every month at 11:30 a.m. at the Centura Parc Clubhouse. Non-Temple members are cordially welcome. Please call Toby Gordon at 954-978-8911 and tell her you will be there on May 9th. Our last Sisterhood meeting which was held on April 11th had a program "Fun Way to Enliven Your Seder." Our speaker was our own Rabbi Paul Offenkrantz. A nice crowd enjoyed this very interesting and lively lecture. Hope to see you at our next event.

Services this month are on May 10th and 24th, 7:30 p.m., at the Centura Parc Clubhouse (Lyons to Copans, right 2 lights to Centura Parc), with Rabbi Paul Offenkrantz officiating. All are welcome to Services and to stay for our always bountiful Oneg.

2024 Membership rolls are now open. Dues are \$200, which includes a High Holiday Ticket. For all Temple information, call Iris at 954-532-5268.

Is baseball a "Jewish" sport? It seems to be getting more so. According to Jacob Gurvis of the JTA, the number of Jewish players in the major leagues has been increasing. Last year there were 18 Jewish Players. At season's end, we will see how many Jewish players played in at least one major league game. Stay tuned. Meanwhile, we will look at some of the current players.

Max Fried. Atlanta Braves. Pitcher. He started only 14 games last season while battling several injuries. The 30-year old has an ERA of 3.03. If he stays healthy, and keeps up his winning streak, he is a force to watch.

Alex Bregman. Houston Astros. Third Baseman. This 29-year old has averaged 28 home runs and 99 RBIs over the last eight years. He has hit 19 home runs post season. You may have seen pictures of him with a Jewish Star on his hat after October 7th.

Joc Pederson. Arizona Diamondbacks. Outfielder. He is 31 years old and played two seasons in San Francisco.

Dean Kremer. Baltimore Orioles. Pitcher. This 28-year old started 32 times for the Orioles last year with an ERA of 4.12.

Zack Gelof. Oakland Athletics. Second Baseman. 24. He made his MLB debut last year. He is thought to be someone to watch.

Harrison Bader. New York Mets. Outfielder. 29. He has had some injuries but is considered a solid player.

Rowdy Tellez. Pittsburgh Pirates. First Baseman. 29. He is hoping to do as well as he did with the Brewers.

Garrett Stubbs. Philadelphia Phillies. Catcher. 30. He is the Phillies back-up catcher, appearing in 41 games last year.

Jake Bird. Colorado Rockies. Relief Pitcher. 28.

Richard Bleier. Washington Nationals. Relief Pitcher. 36.

Kevin Pillar. Chicago White Sox. Outfielder. 35.

Zack Weiss. Minnesota Twins. Relief Pitcher. 31.

Scott Effross. New York Yankees. Relief Pitcher. 30. He missed the entire 2023 season after Tommy John surgery. He will be out until summer.

Minor Leaguers Waiting Their Turn for the Big Time

Matt Mervis. Chicago Cubs. First Baseman.

Spencer Horwitz. Toronto Blue Jays. First Baseman.

Jared Shuster. Chicago White Sox. Pitcher.

Kenny Rosenberg. Los Angeles Angels. Pitcher.

Dalton Guthrie. Boston Red Sox. Utility.

Evan Kravetz. Cincinnati Reds. Relief Pitcher.

Colton Gordon. Houston Astros. Pitcher.

Chase Stumpf. Chicago Cubs. Infielder.

C.J. Stubbs. Houston Astros. Catcher.

We hope you enjoy watching your favorite team and look out for these players. Remember that Baseball is America's sport. "Play Ball"

*This is a song I wrote for Mother's Day.
By Joan Friess*

*Mama, Mama, Mama, Mama
My mama is the the one I love
She was there for me
I will tell you what she's done
My mama you will see*

*When I was just a little bit,
She made sure I'd know
She'd always be there for me
As through life I'd go*

*Mama, Mama, Mama, Mama
As you rock me to and fro
nurturing my every move
So I'd know where and when to go*

*From my first day of learning
Mama she was there
Through all life's joys and troubles,
she would always care*

*My mama's very special
To me she was my rock
When I would swim in heavy waters
She would be my dock*

*Mama, Mama, Mama, Mama
As you rock me to and fro
nurturing my every move
So I'd know where and when to go*

*My Mama went to heaven
On a very sunny day
Since she was always very bright,

Fun With Friends 2

By Benjamin Zoe

Our June 2023 to May 2024 season concluded with our April dance featuring the Reaction Band.

A special thanks to all of our members that participated and generously contributed to our Relay For Life fund raising event in March which featured the fabulous Gypsy Lane Band.

Relay for Life funds support Coral Springs, Parkland, Coconut Creek, and Margate residents and their families who have been touched by cancer. The organization provides funding for such services as transportation for chemo patients to and from treatments, and defraying the cost of housing for patients and their families who need to travel for specialized care throughout the country.

Through the efforts of Fun With Friends 2 and the Wynmoor Pickleball Club, and the additional support of the Abaco and Bimini Wynmoor villages, Team Wynmoor raised over \$20,000 through the end of March, and was the leading fundraising team in our local Relay for Life territory.

Every penny raised within our local Relay For Life territory stayed within our territory!

Membership registration forms for Fun With Friends 2's June 2024 to May 2025 year will be emailed in May. Membership numbers are not capped; join anytime of the year. The first dance of the new season will be on Sunday, June 23rd. The event will feature the Brass Evolution Band. Non-members can request registration forms, and for all other information email: FWF.2nd@gmail.com

THE BRASS EVOLUTION BAND

Celebrate all your favorite Horn Bands from rock and pop history with this all-star cast of musicians. You will hear renditions of favorite tunes from the 70's and 80's from such bands as Chicago, Earth Wind & Fire, Blood Sweat & Tears, Tower of Power, Average White Band, Kool and the Gang and Chaka Khan to name just a few.

REMEMBER AND HONOR

MEMORIAL DAY

— ★ ★ ★ —

Never Again, Today We Bear Witness To Yes Again

By Linda Storfer

The Jewish calendar has an abundance of Jewish holidays in the month of May, although they are not religious ones associated with ritual, they are significant days to remember. The first of these days is Yom Hashoah, May 6th on which we commemorate the Holocaust. The word "holocaust" is a word of Greek origin which means burnt offering. The Holocaust was the genocide of European Jewry during WWII with the Nazi army invading Poland, Denmark, France, Belgium, Austria, Czechoslovakia (then known as) The Netherlands, Italy, Greece, Romania, Norway, Luxembourg, Great Britain-The Channel Islands and The Soviet Union of which the end resulted in the murder of 6 million Jews, 2 million of them being children. There were 23 concentration camps including Bergen Belson, Dachau, Buchenwald, Warsaw, Gross-Rosen, Majdanek, Mauthausen, Ravensbrück all of which had subcamps but the most notorious camp where 1 million Jews were exterminated was Auschwitz. Not all the Jews were put to death in concentration camps. The Nazis army organized mass civilian execution squads and thousands died in prisons. It is estimated that close to 11 million people perished during the Holocaust from the brutality and torture of the Nazis and their collaborators including LGBTQ people, the mentally and physically impaired, Slavs (Croatia), ROMA (Gypsies), Jehovah Witnesses, and members of political opposition groups. Thousands of Catholic priests and Christian pastors were forced into concentration camps and were executed. Historians disagree on the actual date that the Holocaust began but it is generally an accepted fact that the day that Adolf Hitler became Chancellor of Germany on January 30, 1933 the Holocaust officially began.

When I was a little girl growing up in the 1950s, I did not know too much about this atrocity and all its effects on world Jewry. There was no such thing as Holocaust education programs in the public or private schools. There was no US Holocaust Museum in Washington DC or a Jewish Heritage Museum in New York City. The Jewish people who had lost relatives hardly spoke about the Holocaust in the 1950s because it was too painful. I remember hearing the word "refugee" for the first time when my family vacationed during the summer in the Catskill mountains because there were many Hungarian and Czechoslovakian Jewish families in the same bungalow colony. I noticed their foreign accents and tattooed numbers on their arms which I did not understand at all. I asked my parents about these tattoos and they told me a little bit but not enough for me to really understand what had taken place during World War II in Europe. My own grandparents had left the pogroms of Russia and Poland around the turn of the century and did not experience the horrors of

the concentration camps although the killings and brutal acts of violence in the pogroms was something that I remember my parents and aunts and uncles discussing because their parents had immigrated to the United States seeking religious freedom and a better life. By the time I got to high school I read *The Diary of Anne Frank* and afterwards in the 60s and 70s there were many more books and movies on this subject which I read and saw. One thing that I never heard uttered back in those days was holocaust denial which began to surface during the 80s and was widely promoted by Willis Carto, founder of the Institute for Historical Review, an organization that spread its false and ugly ideology both far and wide to the far right, the government of Iran and to Jew haters all over the world. After a 5-year legal battle in court where David Irving, an international renown anti Semite and Holocaust denier, sued Deborah Lipstadt, then an academic and historian from Emory University in Atlanta, Lipstadt won the case which demonstrated to the world that there was a holocaust. A few years later the documentary *Denial* was released in theaters everywhere and millions of moviegoers learned the truth by watching it. Today, Ambassador Lipstadt serves in the White House as Special Envoy to Monitor and Combat Anti-Semitism.

Nearly 80 years after the conclusion of WWII and the horrors of the death camps throughout Europe we remember the 6 million Jews who perished. They were innocent men, women, young and old, children and babies who did nothing except commit the crime of being Jewish and paid the ultimate price for it. It is more important than ever to observe Yom Hashoah this year in light of the massacre that took place in Israel on October 7, 2023. On that day Hamas committed a terrorist attack in which over 1200 innocent civilian lives were taken. Many likened this event to a modern-day Holocaust and called it the worst day in the State of Israel's history. There were 240 hostages taken by Hamas and as of this writing more than 6 months ago most of the hostages have not been released. There were a few women and elderly people released but the majority remain. Israel did not start this war and unequivocally has the right to defend itself. Many including Israel's allies are calling for a cease fire and the war could end tomorrow if Hamas were to release the hostages. We pray for their release and for a true everlasting peace.

Please join us on Sunday, May 5th at 5:00 p.m. at Temple Beth Am 7205 Royal Palm Blvd., Margate for a Communitywide Memorial Service on behalf of the 6 million victims of the Holocaust and the 1200 martyrs murdered in Israel last October. For more information, please call the synagogue at 954-968-4545.

Wynmoor Democratic Club

By Steve Vajda

NOTE: Thank you for your attendance at the recent April 2 Town Hall and Meet and Greet Event. The attendance was overwhelming.

Join us at the Democratic Club Monthly Meeting on Tuesday, May 7th, promptly at 2:00 p.m. in the Wynmoor Country Club Ballroom. Doors open at 1:30 p.m.

1:30-2:00 p.m.:

Representatives of the Broward Supervisor of Elections Office can assist you in voter registration and "Vote By Mail" (VBM).

Representatives of the Broward Property Appraisers Office will explain special tax benefits and how to protect your Property Deed.

May 7th Presentations:

- Stephen Bousquet, Political Editor of the "Sun-Sentinel Newspaper:"
- Back by popular demand, Mr. Bousquet will provide an update of the recently concluded Legislative Session in Tallahassee. His insight and experience provide a realistic analysis of the legislation that will affect our daily lives and the impact on the upcoming Primary Election in August and the Presidential Election in November.

- WDC Vice President Ilene Garland: "Hot Topics" in Politics: If you are already overwhelmed by the political positioning and bewildered by the BS, then hang on for Ilene to help you. In bite-sized chunks, she will tell you in her own inimitable style.

Other Issues:

Confused by all the political hype we are currently experiencing and what will be coming in the following months?

Just remember: YOU ARE NOT ALONE!

Nature and Arts Club

By Vicki Mitchell

The Wynmoor Nature and Arts Club featured Marcus Wolf as their speaker at their April 4th breakfast meeting. Marcus is a year-round Wynmoor resident and a member of the Short Film Festival Club. For 31 years, he worked as an Electronics Engineer. For the past 12 years he has enjoyed working in the short film and TV industry, primarily as a producer. He shared with the audience a short film he produced entitled *Galapagos Spring*, set to the music of Vivaldi's Spring 1 Allegro. It depicts the animal life he encountered on a visit to the Islands, and it earned laurels in a San Francisco Independent Film Festival. A laurel represents a "vote of confidence from industry professionals and feeds the fires of a film's prestige." Another of his films, a comedy entitled *Telekinesis for Beginners*, also earned laurels and was a semi-finalist in an additional film festival.

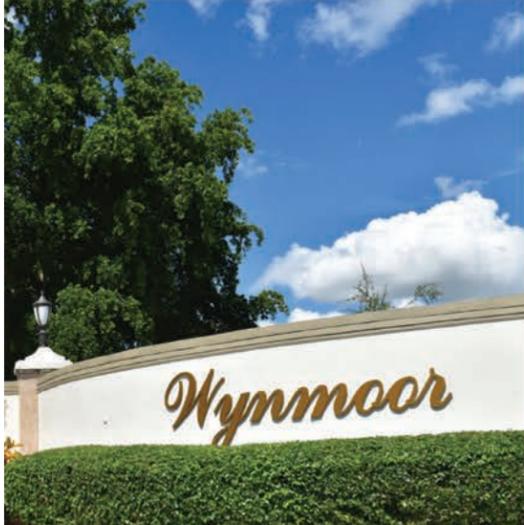

Marcus also shared that according to Hollywood, and outlined in Syd Field's book, *The Foundations of Screenwriting*, for a movie to become a blockbuster it must have an interesting story and follow three fundamentals: an introduction to the story (set-up); a conflict; and thirdly, a resolution. This conclusion was reached after reviewing 1000's of movies, among them such greats as Casablanca, Thelma and Louise, Star Wars, Jaws, and The Godfather, as well as many others.

The Club also sponsored a docent led trip to The Bonnet House in Fort Lauderdale, which proved to be so popular that it was held on two consecutive days, March 21st (beautiful weather) and March 22nd (NOT such beautiful weather!). Nevertheless, the members were able to enjoy the beauty of the house and its grounds.

Safety Solutions

By Scotty Leamon, Public Safety Information Officer, Coconut Creek Police Department

Target Hardening Your Jewelry at Home

It doesn't happen often. And it certainly has traveled well beyond the borders of Coconut Creek. But when it does occur, it can make you feel lost and violated.

It's when you come home and find your jewelry has been stolen.

You know you didn't leave your door unlocked because you had to use your

key to get in when you got home.

In order to commit a crime, thieves need three things: desire, a target, and an opportunity. No one can control a crook's desire to steal. But we can control, at least to some degree, whether we become a target, and we can definitely control the opportunity.

The bottom line is: while we may never be able to completely prevent a theft, we can make it harder for the bad guy to steal our stuff. In the crime prevention community, we call that "target hardening."

So how do you target harden your jewelry at home? There are several ways, ranging from free options to technology that will cost you some money.

The first thing you need to do is take inventory. Write down all your pieces of jewelry. It helps to also photograph them. That way, if anything's ever stolen, you have a picture of it to show the detective investigating your case.

The cheapest option is to hide your most expensive jewelry. Leave the cheap stuff in your jewelry box. But put the priceless items somewhere where a thief wouldn't expect. The key is that you need to remember where you hide it. If you're anything like me, I can't remember what I had for breakfast most of the time. So hiding may not be the best option for me. I'll

forget what I did with it.

The next option is to buy a safe or lock box. You could pay to have it bolted, or anchored, to the floor. This is definitely a form of target hardening in that now the thief would have to remove the bolts or anchors, walk out of your residence carrying a safe, which would be suspicious, and then find a way to get into said safe. It's a lot of extra time and work that just almost effortlessly pilfering items out of a jewelry box.

Crooks are lazy. Most of them would never be willing to do all that work. And they don't like taking too much time to do their dastardly deeds. That's why target hardening works very well in many cases.

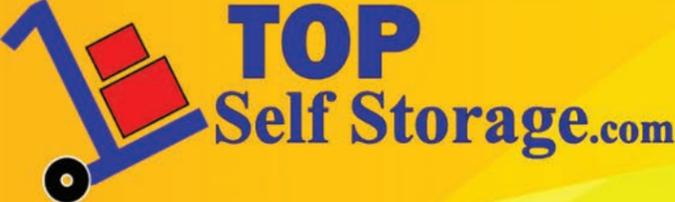

Another option is cameras. You could install a doorbell camera, as long as your HOA or landlord allows it. These cameras are very "techie" nowadays. They'll send you an alert on your phone at the instance someone is in front of your door. A lot of them will allow you to even talk to the person as well.

You can also put a camera inside your home that points directly to your door. And we don't want you to hide it. We want whoever walks into your home to see it and know that it's there. A thief that knows his face has been captured on camera will likely be a deterred one.

Cameras target harden places, especially residential apartments, homes, and condos because the bad guys don't want to leave the cops a nice pretty picture of their faces they can use to identify them.

Most of these thieves have been arrested before so prior mugshots for comparison are always available.

Target hardening is a simple yet effective way to keep potential thieves away from your property. The harder it is to steal, the more likely you'll see the bad guys either skip your place, or give up altogether.

You've Tried The Rest, Now Try The Best. Temple Beth Am, Margate

By Linda Storfer

Rabbi Michelle Goldsmith

The merry month of May lists three Jewish holidays on the calendar which are not religious yet are important to note and observe. Beginning with Yom Hashoah which falls on May 6th. Temple Beth Am is inviting the everyone to a Community Memorial Service on May 5th at 5:00 p.m. which will commemorate the six million Jews who were killed by the Nazi army in Germany during World War II. The program will feature prayers, candle lighting by survivors and their children, special speakers and government proclamations commemorating this day. There is no charge but reservations are requested by calling the office at 964-968-4545. A second observance on the calendar on Monday, May 13th is Yom Hazikaron which pays special tribute to all the fallen soldiers and brave heroes killed in all of Israel's wars since 1948 including the current one in Gaza. This year Yom Ha'atzmaut, Israel Independence Day is celebrated on Tuesday, May 14th and Temple Beth Am is pleased to announce a special learning session and festive dinner of Israeli food at 6:00 p.m. The cost for members is \$10 and \$15 for non-members and everyone is welcome to attend. In honor of Lag B'Omer we will be hosting a BBQ with hot dogs, hamburgers, beverages and all the fixings followed by a Drum Circle led by our in-house professional drummer, Craig Goodwin. What is a drum circle? Come to the synagogue and not only will you find out but you can also be a part of it and participate. The cost

for members is \$15 per person and \$20 for non-members. Space is limited so early registration is highly recommended.

Our regular daily services continue daily and online. Daily morning online services are held Monday through Friday at 7:20 a.m. with afternoon services held at 6:00 p.m. Monday through Thursday. Our Friday night Shabbat services are held at 6:00 p.m. with Saturday morning services at 9:30 a.m., both in person. Every Saturday we host a kiddush luncheon and everyone has a chance to socialize and meet people and make new friends. There are also services held online on Sunday mornings at 8:30 a.m. and in the evening online at 5:00pm. For more information about these events listed here or any of our upcoming events please check out our website at www.beth-am.org or call the office at 954-968-4545. We are located at 7205 Royal Palm Blvd. just a short drive from Wynmoor and are open weekdays from 9:00 - 5:00 p.m. except on Friday when we close at 12:00 noon.

And finally, here is wishing all the mothers a very Happy Mother's Day. A mother is your first friend, your best friend, and your friend forever. A mother's strength is like a diamond, unbreakable and brilliant. She is the glue that usually holds the family together in good times as well as bad times. If you are blessed to still have your mother with you be sure to tell how much you love her and thank her for all she has given and done for you.

BE A GOOD NEIGHBOR. LOOK OUT FOR EACH OTHER!

20 Marvelous Facts About May

May is known as a month of transition. If you live in the northern hemisphere, the fresh cold winds are gone, as are the rains of early spring.

By the time May comes around, the spring flowers are blooming, birds are chirping, and life is starting to seem a little more joyful day by day!

If you're on the other side of the world, in the southern hemisphere, then it's a time when summer is long gone. The fall winds have swept by, and the nights are getting colder and darker.

It's a time of change, yet still delightfully warm.

Again, May is a time of change, no matter where in the world you are.

What is it about May that's so significant though? Let's take a look at this a-may-zing month!

1. The name *May* is the modern-day English adaptation of the Latin word *Maius*, which has origins going back to the time of the ancient Greeks. They named the month of May (or *Maius*) after the Greek goddess of growth.
2. A Roman poet by the name of Ovid had different ideas surrounding the etymology of the naming of May. He claimed that it was from the word *Maiiores*, the Latin for "elders," that the month gained its name.
3. The word *May* wasn't actually used until the middle ages were on their way out, around the 15th Century AD. Up until then, the Roman word *Maius* was still used.
4. May used to have a very different name in Old English. Back then, the month was referred to as the "month of three milkings." Unsurprisingly, this meant that during this month, you could milk your cows up to three times per day!
5. May was once considered an incredibly ill-omened time to get married. There's an adage for it actually, which goes: "*Marry in May and you'll rue the day.*" It's not clear where exactly the saying comes from, but there must have been a pretty good reason not to get married in one of the most beautiful months of the year!
6. May isn't just a bad time to get married, though. There's the Cornish superstition that buying a new broom in May is unlucky. Oh, and apparently, you shouldn't wash any blankets either!
7. May is the month that the Eurovision song contest is held every year. For those not in the know, Eurovision is an international song contest that has been held every year since 1956. Some of the contest winners over the years have gone on to be incredibly successful groups, with the most notable being ABBA!
8. May is a special time for *Star Wars* fans worldwide and always a good reason to re-watch the movies. May the 4th is celebrated as Star Wars day, due to the way the date sounds similar to "*May the Force.*" We won't start the debate over whether the old movies are better than the new ones, because we all know the answer to that!
9. Every year there is a particular meteor shower in May called the Eta Aquariids meteor shower. Discovered in 1870, this meteor shower passes by Earth between April 19 and May 28. It's easiest to view it

from the equatorial regions of the world and can be glimpsed passing by just before dawn.

10. It is said that those born in May have a greater chance of being more successful in life and experience more love. While this may not be scientifically factual, it has been noticed that people born in May understand the importance of love and success more than others.
11. The Empire State Building opened its doors on May 1, 1931. At the point of its construction, it held the record for being the tallest building in the world. Many other sky-high constructions have since dwarfed it, but it's still an awe-inspiring feature of the New York cityscape!
12. Back in the day in Europe, it wasn't a good May if you didn't celebrate it with a maypole. In the UK, at least, they were present since at least 1350 AD. Celebrants would erect a long pole and attach flowers, garlands, and strips of fabric to it, around which certain dances would take place.
13. May is a pretty good month for US presidents. Every other month of the year, at least one US president has died, but never in May!
14. May is pretty exclusive when it comes to days of the week. No other month in one single year starts or finishes on the same weekday as May. Basically, if the first of May is on a Friday, and the 31st of May is on a Sunday, no other months in the year will start or end on a Friday or a Sunday!
15. The birthstone for May is the emerald. Emeralds are a type of stone called beryl and typically range from a deep-sea green to a lighter color. Emeralds are symbols of fertility and rebirth.
16. May actually has two birth flowers – the Lily-of-the-Valley and the Hawthorn. The Hawthorn flower is a symbol of hope, while the Lily-of-the-Valley represents the return of happiness and sweetness.
17. May also has two Zodiac signs, Taurus and Gemini. People born under the sign of Taurus are said to be ambitious and smart, yet trustworthy. Those born under the sign of Gemini are said to be passionate, adaptable, and smart.
18. May has some pretty interesting month-long observances. In the U.K., May is National Pet Month and National Smile Month. In the US, May is National Burger Month, Older Americans Month, and National Military Appreciation Month.
19. May also has some pretty wacky days! Hawaii celebrates Lei Day on the first of May, which also happens to be May Day. Utah celebrates Golden Spike Day on May 10th after the First Transcontinental Railroad was completed. May 29th is celebrated as Put a Pillow on Your Fridge Day!
20. Many famous people were born in May, such as Mark Zuckerberg, Karl Marx, Clint Eastwood, Wes Anderson, John F. Kennedy, Queen Victoria, and Catherine the Great!

As you can see, May isn't just a fantastic time of the year for weather – it's also got some pretty cool history.

As the fifth month of the year, it would be so easy for it to slip by without notice, if not for all the interesting observances throughout the month!

Are You Living With, Or Worried About Someone Suffering With Chronic Back Pain?

By Leading Back Pain Expert, Todd James

Do you, or someone you love, suffer with back pain? Does the pain get worse when you stand or walk? Do you experience pain, numbness or tingling into your butt or down your leg? Do you have pain when you sit for long periods or drive? Are you afraid your pain will get worse if you don't do anything about it? Has the pain gotten so bad, that you avoid many activities that you used to enjoy?

If you are 55+ and answered **YES** to any of these questions, then please read on because I have some special information about relief of your back pain.

It's a shame so many people think their options for dealing with back pain are rest, pain killers, or maybe worse, injections or even surgery. Often these solutions are only

temporary, because they don't address the true cause of your back pain, but just mask the symptoms. Others believe there is nothing that can be done, and they will just have to suffer through the pain.

If you or someone you love is experiencing back pain and are wondering if you are doing the right things for your back, I would like to offer a free guide I have created to answer those questions. In this guide, **Erasing Back Pain: How to Avoid the 9 Most Painful Mistakes and What You Should Be Doing Instead**, you will find information about what will not help ease your back pain and how to make the right choices to get you out of back pain and on the road to enjoying an active, healthy lifestyle again.

I'm Todd James, Physical Therapist and I have been helping 1000s of people 55+ over the last 2

decades find quick, natural, long lasting relief from back pain. I've put together this guide because in easing your back pain it's not just about doing the right things, but also about avoiding the wrong things. When you choose the right path, your recovery from back pain will be much more effective.

If you are currently held back from getting a good night's sleep, being able to walk with friends, getting out on the golf course, or playing with the grand-kids, I invite you to visit www.coconutcreektherapy.com/backpain to claim your free guide. If you prefer, give us a call at **954-972-1200** and we'll be happy to assist you.

Don't let back pain take the joy out of your life. Get started on your path to a pain free active life!

"ENHANCE YOUR QUALITY OF LIFE"

Getting The Record Straight: Only The Facts

This is the first in a series of articles which will serve to set the record straight -- with facts and accurate information so Wynmoor's residents know what's going on in their community.

Topic #1: The "Hotwire Door Fee."

First of all, what is the "door fee?" It is a payment that all companies such as Hotwire, Comcast or AT&T, offer communities in return for granting them a contract, usually for a term of 10 years, to provide in this case, cable and internet service to Wynmoor. It is usually quoted as a specific amount of money for each unit. In this case, Hotwire was offering to pay Wynmoor a Door Fee of \$600 per unit, or approximately \$3.1 million.

It has been suggested that the "door fee" that will be paid by Hotwire has been somehow misappropriated, if not stolen from you. It is suggested that this is "your money"-- which it is--and that each resident should receive approximately \$600 as a one-time payment. The Wynmoor Management Committee has been accused of "holding back" the \$3.1 million allocated to unit owners.

What are the facts? The Management Committee recommended the \$3.1 million be put into the Capital Reserve. Both the Executive Committee--the duly elected

representatives of the 18 villages--and the Council Board of Directors--the duly elected representatives of the 44 associations---unanimously voted to accept that recommendation and direct the money to the Capital Reserve. Why did they do that? Were they wrong to do that? Was this a theft of your money? You be the judge.

Wynmoor is 50-years-old and the buildings, like people, need more maintenance, upgrades and modernization, as they age. It costs more each year to keep us in shape, to keep looking "young," and to keep us healthy. The same can be said of Wynmoor.

Where is the money needed to do this going to come from? We have a choice. We can put the one time payment from Hotwire (this is not an annual door fee, but a once in 10 year payment to be paid in three installments over two years) into the Capital Reserve, where it can be used to renovate, expand or modernize the clubhouse, the fitness center, the ballrooms, the restaurant, The Cove, the theatre, or to repair the roads or the walking path. Or \$600 can be returned to each unit owner and each unit owner would then be repeatedly assessed every time a new project was needed.

We have a Long Range Planning Committee currently developing conceptual plans for transformative changes and improvements in Wynmoor. We all want to see those changes, but they are not free. We have to find ways to pay for them.

The members of the Management Committee, the Executive Committee, and the Council Board of Directors, all of whom are elected by the residents in Wynmoor, determined that putting the Hotwire door fee money in a reserve that would be available to pay for many of the projects envisioned for Wynmoor would make the most sense.

The first installment, \$1.7 million, is sitting in the Capital Reserve, earning interest, ready to be spent improving this community.

The Management Committee will recommend that the final two installments of the door fee also be placed in the Capital Reserve where it can be used for the projects we need. Is that wrong? Should we maintain a reserve from which we draw to pay for improvements or should we assess you whenever it's time to modernize, upgrade, enlarge, repave or repaint? What do you think?

Bridge Club

By Bram Hamovitch

Bridge players of all levels are welcome to join us in the East Wing of the theater building for our ACBL-sponsored duplicate games. We play on Tuesdays and Fridays at 12:30 p.m. (arrive 12:15). All games are "open," are supervised by an ACBL-certified director, and masterpoints are distributed according to partnership masterpoint level.

Sorry, but we are discontinuing our bridge lessons during the off-season. However, we'll be back in the fall when the snowbirds return!

Questions about our club? Please contact David at 917-940-1552 or

dmrice@mindspring.com. You can also email us at wynmoorbridge@yahoo.com.

If you need assistance in finding a partner, you can reach Terry at 216-401-5739 (voice or text) or thamovit@yahoo.com.

See you at the table...

Camera Club

By Nancy Landman

Our meetings are on the first and third Tuesday of each month through the beginning of April. During the off-season break, we have monthly themes to help keep you actively involved and diversify your photography. This coming season we will have some wonderful presentations as well as photography outings that will include instruction and guidance. In addition, we will have members' photographs to view and review.

The Mission of the Camera Club of Wynmoor is to provide a welcoming environment to Wynmoor residents with all levels of experience, who want to learn photography and grow in their ability to make photographs.

Interested? You are invited to come to your first meeting free of charge.

If you'd like to see some samples of our recent photos, check out the showcase at the Clubhouse or the Camera Club Section in this paper.

Yearly Membership: Individual \$10, Couple \$15.

If you'd like to register as a member and receive info and updates, send an email to CCWynmoor@gmail.com.

For more information, call or text Nancy Landman at 954-496-1965 (leave message).

Chess Club

By Hillel Cohen

Did you play chess years ago and wonder if you remember enough? Stop wondering and start playing. The Wynmoor Chess Club welcomes all players at all levels. And if you play online or against a computer, come and experience the difference of face-to-face play. We meet every TUESDAY EVENING from 6:30 to about 9:30 p.m. in Card Room 1 at the Clubhouse. There are no dues and no fees. Chess sets are provided. Games are casual and relaxed, so come and play. Masks are optional. No one's keeping score or rankings and you'll be surprised at how much you remember. Besides, the point is to have a pleasant time while exercising our brains. Questions? Call or text to 917-548-5120.

Conservative Club

By Andrea Joy Frankel-Bellitto

The Conservative Club of Wynmoor is very proud to have back as a guest speaker, our very own Joyce Kaufman. For anyone who has heard Ms. Kaufman speak live or on her radio broadcast, they already know that she is a 100% American patriot. She opposes the far-left policies and agenda of this administration such as open borders, illegal immigration, and is a strong supporter of Israel, to name a few.

Her overall knowledge and understanding of the state of our nation is well worth listening to and learning about. Ms. Kaufman studied at CUNY, SUNY

Fishing Club of Wynmoor

By Paul Villano

The oldest organized club in Wynmoor, FCW, has had its best season ever! Hundreds of dollars were up for grabs with our scheduled events and tournaments. This season the club went on a saltwater drift boat trip, pier, and surf fishing. The highlight of the season was the club fishing the famed Lake Okeechobee for bass, crappie, and channel catfish.

Our club members continue to fish in the offseason. The first Thursday of every month we fish and then break for lunch at *The Cove*. For more information about the club call or text Paul at 516-526-5313 or email us at fishingclubwynmoor@yahoo.com.

Fun With Friends 2

By Benjamin Zoe

Our June 2023 to May 2024 season concluded with our April dance featuring the Reaxtion Band.

A special thanks to all of our members that participated and generously contributed to our Relay For Life fund raising event in March which featured the fabulous Gypsy Lane Band.

Relay for Life funds support Coral Springs, Parkland, Coconut Creek, and Margate residents and their families who have been touched by cancer. The organization provides funding for such services as transportation for chemo patients to and from treatments, and defraying the cost of housing for patients and their families who need to travel for specialized care throughout the country.

Through the efforts of Fun With Friends 2 and the Wynmoor Pickleball Club, and the additional support of the Abaco and Bimini Wynmoor villages, Team Wynmoor raised over \$20,000 through the end of March, and was the leading fundraising team in our local Relay for Life territory.

Every penny raised within our local Relay For Life territory stayed within our territory!

Membership registration forms for Fun With Friends 2's June 2024 to May 2025 year will be emailed in May. Membership numbers are not capped; join anytime of the year. The first dance of the new season will be on Sunday, June 23rd. The event will feature the Brass Evolution Band. Non-members can request registration forms, and for all other information email: FWF.2nd@gmail.com

THE BRASS EVOLUTION BAND - Celebrate all your favorite Horn Bands from rock and pop history with this all-star cast of musicians. You will hear renditions of favorite tunes from the 70's and 80's from such bands as Chicago, Earth Wind & Fire, Blood Sweat & Tears, Tower of Power, Average White Band, Kool and the Gang and Chaka Khan to name just a few.

Glass Kiln Club

By Vicki Mitchell

The Glass Kiln Club had a busy month with a luncheon at La Marsa Mediterranean Restaurant and their participation in the Wynmoor Art Show. At the show, many members were proud to display their platters, lamp shades, clocks, jewelry, vases, and many other creative, decorative items. Club volunteers were on-hand to explain the process that went into creating the various works of art. Understandably, a good number of attendees were eager to join the Club next season, and hopefully we will be able to accommodate them with an enlarged workspace and a full set of operational kilns.

Nature And Arts Club

By Elaine Lurie

Calling all nature enthusiasts! The guest speaker at our May 2nd breakfast meeting will be Ashley Grace, a Park Naturalist at the Fern Forest Nature Center, a designated Urban Wilderness Area. She will present videos and answer your questions on the beautiful plants (including over thirty species of ferns), birds and animals that thrive there. Put on your walking shoes and join us May 16th for a car trip to Constitution Park and Arboretum, in Deerfield Beach. Our guided tour, along an accessible path, will highlight over 200 exotic trees from five continents around the world and a butterfly garden. You must be a club member to participate in all activities. Contact Sheryl Darby at 954-977-4008 to join or with membership questions. Club members also receive our monthly newsletter and reservation information for upcoming breakfast meetings and trips.

Night Tennis

By Jo Ann Perreault

The Night Tennis program has been run for 16 years under the guidance of Jo Ann Perreault and Dennis Levans. Every Monday, Tuesday, and Thursday nights from 6:30 - 8:00 p.m., with a warmup period beginning at 6:15 p.m., they shepherd players to a good time.

Mondays and Tuesday's fee of a dollar is requested, no charge on Thursdays. The money collected is used to purchase balls, so they always play with new balls and the surplus funds are used for pizza parties.

The required skill level is 3.0 - meaning being able to serve, and return serve effectively and to maintain one's part in a rally. If this describes your ability, please come, and join the players for exercise and socializing under the lights.

Wynmook Short Film Festival

Wynmoor Annual Short Film Festival

By Enid Wolf-Schein • Photos are by Michael Brodie and others

Our 4th Annual Short Film Festival 2024 held the evening of March 22nd and the afternoon of March 23rd was a sellout success! After viewing nine movies and two dance videos in the Lecture Hall, and then going into the movie-theme decorated ballroom, the audience, sated on wine and other drinks and all the popcorn they could eat, watched a beautiful set of five musical acts titled, *A Kaleidoscope of Stars*. They were then invited to join the *Just Dance* dance leaders in *Just a Gigolo* and *Belly Dance Line Dance*, the dances they had just seen on film*. Everyone had a chance to vote for their favorite film and this year it was a homegrown Wynmoor production *A Senior Moment* produced by Phil Guterman and starring Susan Cohen.

Many folks took their photos on our red carpet! Others had a chance to chat with the filmmakers who were there each day.

We had a most appreciative audience as evidenced by this typical email we received:

"Congratulations to you and your entire entourage of volunteers, filmmakers, actors, singers, dancers, ushers, corn poppers and wine sommeliers for the most successful Wynmoor Film Festival to date! This year's entries unique cross-section of amazing genres entertained and captivated the artistic-centric audience with lively appreciation of both film and live action dance demonstrations and participation. Both sold out performances may need to be moved to a larger venue for next year's festival. We look forward to next year's festival with great expectations as the creative community beats a trail to South Florida's premiere emerging film festival!"
Cliff and Margit

We want to thank everyone who participated, including our audience, and are looking forward already to our 5th Annual Wynmoor Short Film Festival.

Travel Trends

Discover The Latest Travel Trends In A Surprising Spot

(NAPSI)—Nestled between the Tennessee River and the Great Smoky Mountains in Eastern Tennessee is charming Loudon County—an underrated travel destination and a very special place to visit in Tennessee. Loudon has been called the ultimate affordable mountain lake vacation with everything from local shopping and family-friendly activities to breathtaking views and outdoor adventures.

Tennessee Grown

Agritourism is an ongoing trend and one of Loudon’s biggest charms, with a number of farms in the area producing Tennessee-made goods and products. Sweetwater Valley Farm, a beautiful family dairy farm, produces award-winning farmstead cheeses, offering samples as well as full farm tours to see how everything is made. The Seed to Sandwich Café is a must-visit, serving up grilled cheese sandwiches and milkshakes made from Sweetwater’s own products. Windy Hill Farm & Preserve is a peaceful, all-inclusive getaway on 650-acres. The on-site restaurant’s ingredients are harvested on the property, and the resort offers a range of rustic outdoor activities, from beekeeping to wine hikes. Loudon also has seasonal farm activities throughout the fall, including Maple Lane Farms Legendary Corn Maze, the pumpkin patch and petting zoo at Deep Well Farm and Dead Man’s Farm’s famous haunted house.

Dine Like a Local

With culinary travel on track to be another big trend in 2024, Loudon County boasts local flavors with exciting twists at many of the beloved restaurants in the area. Monkey Town Brewing is a brewpub in the historic train depot in downtown Loudon serving 20 draft beers and a versatile menu. If there’s one thing Tennessee knows it’s good barbeque, and Loudon County is no exception. Smokin’ F, Sons of Smoke and Calhoun’s are three of the best spots in the area, highlighted along The Visit Loudon County BBQ Trail. From live music to craft beer, each of these spots boasts something completely unique, along with amazing barbeque.

Antiques, Boutiques & Charming Main Streets

Culture and connections are inspiring leisure travel for 2024, and Loudon County is a small-town destination with locals that treat you like family. Downtown Loudon and Lenoir City have charming main streets with small-town businesses that specialize in everything from beautiful clothing to antique furniture. Shop new trends at Brikel Boutique, a mother-daughter owned clothing shop that specializes in styling/consulting, or peruse The Tennessee Homestead Exchange’s inventory of everything from soaps and lotions to coffee and hand-made art; everything here is produced by locals within 30-40 miles of Loudon.

Lakeway to the Smokies

No Tennessee vacation is complete without enjoying some time in the state’s beautiful wilderness. Loudon boasts both lakes and rivers in addition to easy access to the Smokies, making way for diverse outdoor adventures. If you’re looking for things to do in Tennessee, enjoy lake activities on Fort Loudon Lake and hike the scenic East Lakeshore Trail. Play a round of golf at one of five top-rated courses in the Southeast designed by some of the sport’s biggest names, including Greg Norman. Loudon is the perfect weekend trip from larger cities like Atlanta, Knoxville and Nashville.

In 2024, travelers are interested in slow travel destinations that boast natural beauty and landscapes. Loudon County Tennessee encourages visitors to immerse themselves in the local community and culture for an authentically stunning experience.

Rack of Lamb With Rosemary Garlic Marinade

Ingredients:

- 1.3 lb racks of lamb
- 6 cloves garlic, minced
- 1 tablespoon fresh rosemary, chopped
- 1 sprig rosemary
- 1/4 teaspoon black pepper
- 1/2 teaspoon salt
- 4 tablespoons extra virgin olive oil
- 30g butter

Instructions:

Prepare the Marinade: In a small bowl, combine the minced garlic, chopped rosemary, black pepper, salt, and extra virgin olive oil. Mix well to create the marinade.

Marinate the Lamb: Place the racks of lamb in a shallow dish or a resealable plastic bag. Pour the marinade over the lamb, making sure it’s evenly coated. If using a bag, seal it and massage the marinade into the lamb. Add the sprig of rosemary on top. Marinate in the refrigerator for at least 2 hours, or ideally overnight, to allow the flavors to meld.

Preheat the Oven: Preheat your oven to 200°C (400°F).

Sear the Lamb: Heat 2 tablespoons of olive oil in a large skillet over high heat. Once hot, add the racks of lamb, fat side down. Sear for 2-3 minutes until the fat is golden brown. Then, sear the meat side for another 2-3 minutes until browned. Remove from the skillet and set aside.

Roast the Lamb: Transfer the seared racks of lamb to a roasting pan or baking dish. Place them in the preheated oven and roast for 15-20 minutes for medium-rare, or until the desired level of doneness is reached. Use a meat thermometer to check for an internal temperature of 55-60°C (130-140°F) for medium-rare.

Rest and Serve: Once cooked to your liking, remove the lamb from the oven and let it rest for 5-10 minutes before slicing. This allows the juices to redistribute and ensures a tender and juicy result. While resting, add a knob of butter on top of each rack to enhance flavor.

Slice and Serve: Slice the rack of lamb between the bones into individual chops. Serve hot with salsa verde or your favorite side dishes.

This Rack of Lamb with Rosemary Garlic Marinade is a flavorful and elegant dish that’s perfect for special occasions or a luxurious dinner at home. Enjoy!
